ABOUT THE CONFERENCE

Join us for an inspiring experience at DPC & Fiore's 4th Annual Leadership Conference: P.O.W.E.R. Forward, where this year's theme builds directly on the foundation of last year's Leaders C.A.R.E. initiative. While C.A.R.E. defined the values of effective leadership (Compassion, Accountability, Respect, and Excellence), P.O.W.E.R. represents how leaders show up when those values are tested.

Through dynamic workshops, engaging discussions, and impactful guest speakers, this conference is designed to educate, challenge, encourage, and elevate leaders at every stage of their journey.

Grounded in Purpose, Ownership, Wisdom, Empathy, and Resilience, P.O.W.E.R. Forward explores how leaders navigate adversity with intention, take responsibility in critical moments, apply sound judgment, lead with understanding, and remain steadfast under pressure. Attendees will gain practical tools, sharpened perspectives, and renewed confidence to lead effectively—especially when it matters most.

For sponsors, this is more than visibility—it's a strategic investment in leadership advancement. Your support demonstrates a commitment to developing leaders who not only embody strong values but also execute with strength and clarity in the face of challenges. By aligning your brand with Purpose, Ownership, Wisdom, Empathy, and Resilience, you position your organization as a champion of resilient, high-impact leadership and forward progress.
