

OUTDOOR FIREPLACES

FIRE BY escea.

Designed and crafted in the deep south of New Zealand.

There's no better place to test the limits of performance and aesthetics.

Inspired by our backyard and driven by our purpose – to put a better fireplace at the heart of every home.

BEAUTIFUL WARMTH

We don't compromise performance with good looks, and neither should you. With an Escea fireplace, you get the best of both worlds.

CRAFTED WITH CARE

From concept to completion, our people take pride in every fireplace they have a hand in making.

DESIGNED FOR YOU

Our fireplaces have been expertly designed to integrate seamlessly into your home and your lifestyle.

Introducing Escea Outdoor Fireplaces.

Built to withstand the elements, Escea Outdoor Fireplaces bring the comfort of indoors out, extending your home, and your evenings.

Whether you're creating a showstopping focal point, the ultimate outdoor kitchen, or a cosy retreat for cooler nights, Escea has an outdoor fireplace for every occasion.

EK Series

OUTDOOR FIREPLACE KITCHEN

An entertainer's dream, this high-performance inbuilt wood fireplace and professional grill combines sleek design, functionality, and warmth.

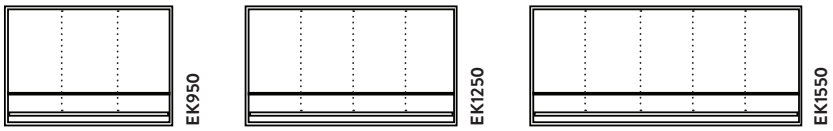

Photography Jamie Cobel

EK950

EK1550

EK Series

FEATURES

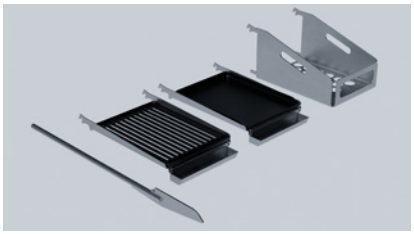

Grill, then chill

A professional cooking grill and roaring outdoor fireplace in one, the EK Series seamlessly transitions between 'Cooking Mode' and 'Fire Mode', for the best of both worlds.

Professional grilling

13-point adjustable height grills and an Ember Generator let you cook your food at the perfect temperature, for that delicious flame grilled smoky flavour.

Build your own

Customise this fireplace with your choice of cooking accessories – from the Ember Generator to Grills, Plates, Hanging Hooks, and Pizza Oven.

See pg 19 for more info.

Hideaway Drawer

When the cooking's done, the grills hide neatly beneath a discreet stainless-steel lid, for a seamless transition to 'Fire Mode'.

Built to last

With a double layer of 4mm steel, air-cooled fluted stainless steel back plates, and 25mm thick firebricks lining the base, the firebox is made to withstand the elements.

Inside, out

The EK Series can form part of your home's design, creating an effortless connection between indoors and out.

EW5000

EW5000

FEATURES

Flame Cooking Plate

This fire comes with a versatile cooking plate, adjustable to three heights for perfect heat control. When not in use, it neatly stores under the ash pan.

Kitset Enclosure

If you don't have a suitable structure to build your fireplace into, Escea offers a ready-to-assemble steel frame with fastenings, providing a simple installation solution.

See pg 18 for more info.

Pizza Oven accessory

Enjoy authentic wood-fired pizza in minutes with the optional Pizza Oven.

FASCIA OPTIONS

Slab

A square-edged statement frame.

Frameless

Less frame, for more focus on the flame.

EF5000

OUTDOOR GAS FIREPLACE

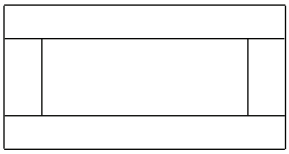

Effortless ambience at the touch of a button—
this outdoor gas fireplace offers flexible
installation and fuss-free warmth, any time.

EF5000

EF5000

EF5000

FEATURES

Open view

With its open-front design, this fire doesn't require a flue—making installation easy and allowing you to place it almost anywhere without obstructing your view.

Kitset Enclosure

If you don't have a suitable structure to build your fireplace into, Escea offers a ready-to-assemble steel frame with fastenings, providing a simple installation solution.

See pg 18 for more info.

Surround choice

This fireplace is Zero Clearance rated which means the interior wall stays cool enough to handle most materials. There's no need for expensive fire-rated wall constructions and you have a wider range of surround choices.

FASCIA OPTIONS

Slab

A square-edged statement frame.

Optional Extras

KITSET ENCLOSURE

For installations without an existing structure, Escea offers a ready-to-assemble steel frame solution, supplied with all required fastenings. Designed to streamline the installation process, the kitsets provide a structure ready for cladding with a suitable exterior finish.

Please refer to the technical documentation for detailed assembly instructions, cladding requirements, and compliance specifications.

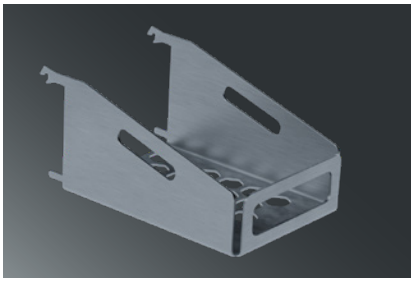

EF5000 Kitset Enclosure

COMPATIBLE WITH **All outdoor fireplaces**

COOKING ACCESSORIES

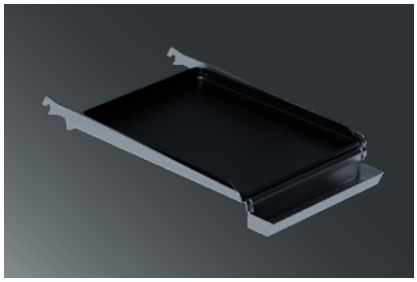

Customise your outdoor fireplace with your choice of cooking accessories, so you get exactly what you need for the ultimate grilling experience.

Ember Generator

The Ember Generator is where the magic happens. Build a fire within the box and watch as embers form and fall to the base of the firebox. Then, using the fire spear, evenly distribute the embers underneath the cooking plates, grills, hooks or pizza oven.

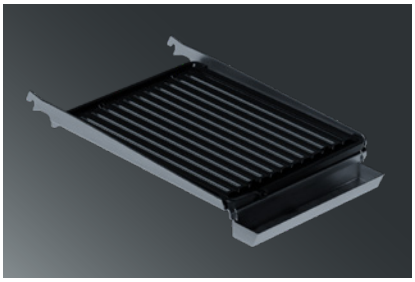

COMPATIBLE WITH **EK Series**

Flat Plate

The EK Flat Plates provide maximised heat distribution, great for cooking seafood, smaller cuts of meat, and vegetables.

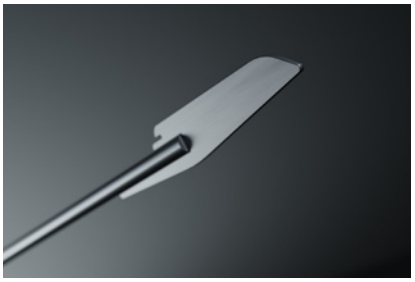

COMPATIBLE WITH **EK Series**

Grill Plate

The EK Grill Plates are designed for grilling large cuts of meat or vegetables, with grooves that capture juices or drain unwanted fat.

COMPATIBLE WITH **EK Series**

Fire Spear

The Escea Fire Spear is a must-have for achieving the perfect distribution of heat safely across your cooking bays.

COMPATIBLE WITH **EK Series**

Hanging Hooks

The EK Hanging Hooks attach to a rod at the top of your fireplace and are great for all types of slow cooking.

COMPATIBLE WITH **EK Series**

Pizza Oven

Enjoy authentic woodfired pizza in 5–10 minutes, with a hooded design for even heating and a brick floor for a crisp base. Made from stainless steel, it includes a long-handled paddle and a removable brick base for easy cleaning.

COMPATIBLE WITH **EK Series, EW5000**
