

AMERICAN SERIES

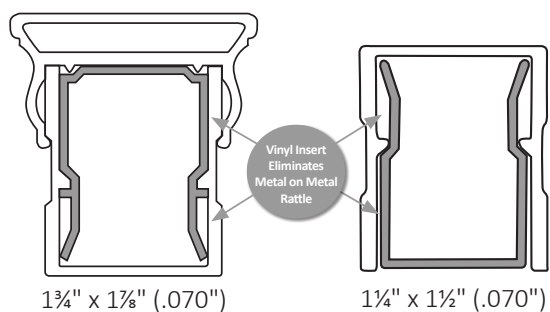

HORIZONTAL CABLE RAILING

Key-Link's gorgeous contemporary system gives today's homeowners the look they want, while the ease of installation makes our cable rail the premier choice for contractors.

Posts and support balusters come pre-drilled to save you time, and pre-fitted posts are available for an even faster installation.

Key-Link's exclusive fittings allow you to take cable easily around corners and down stairs for a clean, seamless look.

Builder

BRAND LEADER 2021

HIGHEST QUALITY DECK RAILING

Key-Link was selected "Highest-Quality Deck Railing" in the Builder Brand survey of more than 700 contractors and builders. Contractors appreciate Key-Link's quality and ease of installation, while homeowners love the high-end design and style.

Key-Link's high-quality aluminum, heavy-duty powder coating, and full-length vinyl inserts to prevent rattling are just a few of the additional benefits that help make this railing best-in-class.
