

ENHANCED CARE MANAGEMENT

Enhanced Care Management (ECM) provides additional support through a dedicated provider under California's CalAIM initiative, which aims to expand services for individuals with complex health needs. ECM coordinates both clinical and non-clinical services, managed by a Lead Care Manager who connects members to community and social resources. These services are offered at no cost as part of Medi-Cal benefits, ensuring continuity and enhancement of existing healthcare coverage. The overall objective is to help our clients age in place with wraparound services.

PROGRAM SERVICES

- Outreach & Engagement
- Comprehensive Assessment & Care Management Planning
- Enhanced Coordination of Care
- Health Promotion
- Comprehensive Transitional Care
- Member & Family Supports
