

Regulatory Authority & Enforcement

All building, construction, and property maintenance activities within the City of East Prairie are regulated under municipal ordinances enacted by the East Prairie Board of Aldermen. These ordinances empower the Building Official and the Code Enforcement Department to:

- Administer and enforce the adopted codes
- Issue permits
- Conduct inspections
- Take corrective or legal actions as necessary to ensure compliance

Access to Codes

Copies of the adopted codes are available for public review at City Hall during regular business hours.

Contact Information

For more information about enforcement procedures or specific code requirements, please contact:

Building Official

Collin Cecil
