

Help support St. Mary's School

We are inviting our area businesses to support St. Mary's School by being an advertising supporter to help offset the costs for our HUDL program. HUDL is the streaming program that we use to have all of our home games available for to view online. To offset the cost of this popular and wonderful program for our fans and teams & keep it free for all, we are offering sponsorships on our home programs, home game announcements, Facebook/Instagram page, and on our live feeds!

You can choose from 4 levels. Each of these options is at EVERY home high school and junior high game for football, basketball, volleyball, and wrestling. (Game announcements will ONLY be done at varsity football, basketball, and volleyball games.) The benefits are cumulative, so every level you go up adds an incentive.
