

14/04/2026

Dear Parents and Carers,

Welcome to back to the Summer Term in Fox Class.

Attached to this letter is our curriculum organiser for this term's topic – 'This is How we do it'. Please do have a look at this it has lots of information including a family picnic date and ideas for how you could support your child's learning at home.

We will be asking for photos from home to support our topic, please send these in via Tapestry or email them to the office. If possible we would like photos of

- The outside of your house
- Your child eating a typical breakfast
- A picture of their bedroom

These will be used to make a book about themselves modelled on our class text – 'This is how we do it' by Matt Lamothe. We will be comparing our daily lives with those of children across the world.

Stay and Read will continue to be on Thursday afternoons at 3.00 until the end of school, thank you to everyone able to come in a share their love of books with the children.

The children have PE on Tuesday. On these days please could children come dressed in their PE kits. Forest School will continue to be a Friday and we should need fewer layers as the weather gets warmer. Please ensure that children are still wearing long sleeved tops and trousers (not dresses) as the stinging nettles will be out in force – attracting lots of wonderful wildlife but not always friendly to our skin! From **Thursday 14th May 2026**, the children will be getting an additional PE session of Dance. This will continue every Thursday for the rest of the term, until the Summer holidays. Please could children also wear PE kit on Thursdays from this point.

We are so impressed with the progress the children in Foxes are making in their phonics, reading and writing. Please continue to support them at home by going through their phonics folders, reading books from their reading folder, playing games with the phonics cards and the helpful word cards and if possible practising their handwriting too. The work you do makes such a difference to your child's learning.

If you have any question please do not hesitate to contact us.

Best Wishes,

Mrs Hendry and Mrs Cotton
