

March 2026

Dear Parents and Carers,

Welcome to back to the second half of the Spring Term in Fox Class. We are looking forward to seeing some signs of Spring and warmer weather this term.

Attached to this letter is our curriculum organiser for this term's topic – 'The Great Outdoors'. Please do have a look at this it has lots of information including ideas for how you could support your child's learning at home.

Stay and Read will continue to be on Thursday afternoons at 3.00 until the end of school, thank you to everyone able to come in a share their love of books with the children.

The children have PE on Monday so please could children come to school in their PE kits on this day.

Forest School will continue to be on Friday so clothing suitable for Forest School should be worn – this means long sleeved tops, trousers and warm jumpers. We will provide waterproof trousers and wellies are already in school from wearing them daily so they can play on the field.

We are so impressed with the progress the children in Foxes are making in their phonics, reading and writing. Please continue to support them at home by going through their phonics folders, reading books from their reading folder, playing games with the phonics cards and the helpful word cards and if possible practising their handwriting too. The work you do makes such a difference to their confidence.

We look forward to seeing you all at Parents evening in a couple of weeks time. Please do book a slot to see us!

Many thanks

Mrs Hendry and Mrs Cotton
