

Please Note:

These plans are not to scale. They will hopefully help you to decide on guest numbers and table layout.

These Table
Plans are for the
Barn only and
will not fit in the
Grain Shed.

Barn at Brynich Table Plans

Option 1

34 Cantina Style

Lots of space to move around.
Everyone is on the same table.

Option 2 (A)

60 Horseshoe

Limited Space between the side walls and the backs of chairs for service and moving around.

Plenty of space around the bar end during change over.

The gap is required to allow caterers to serve easier

Option 2 (B)

(If having a decorative arch behind top)

60 Horseshoe

Limited Space between the side walls and the backs of chairs for service and moving around.

Plenty of space around the bar end during change over.

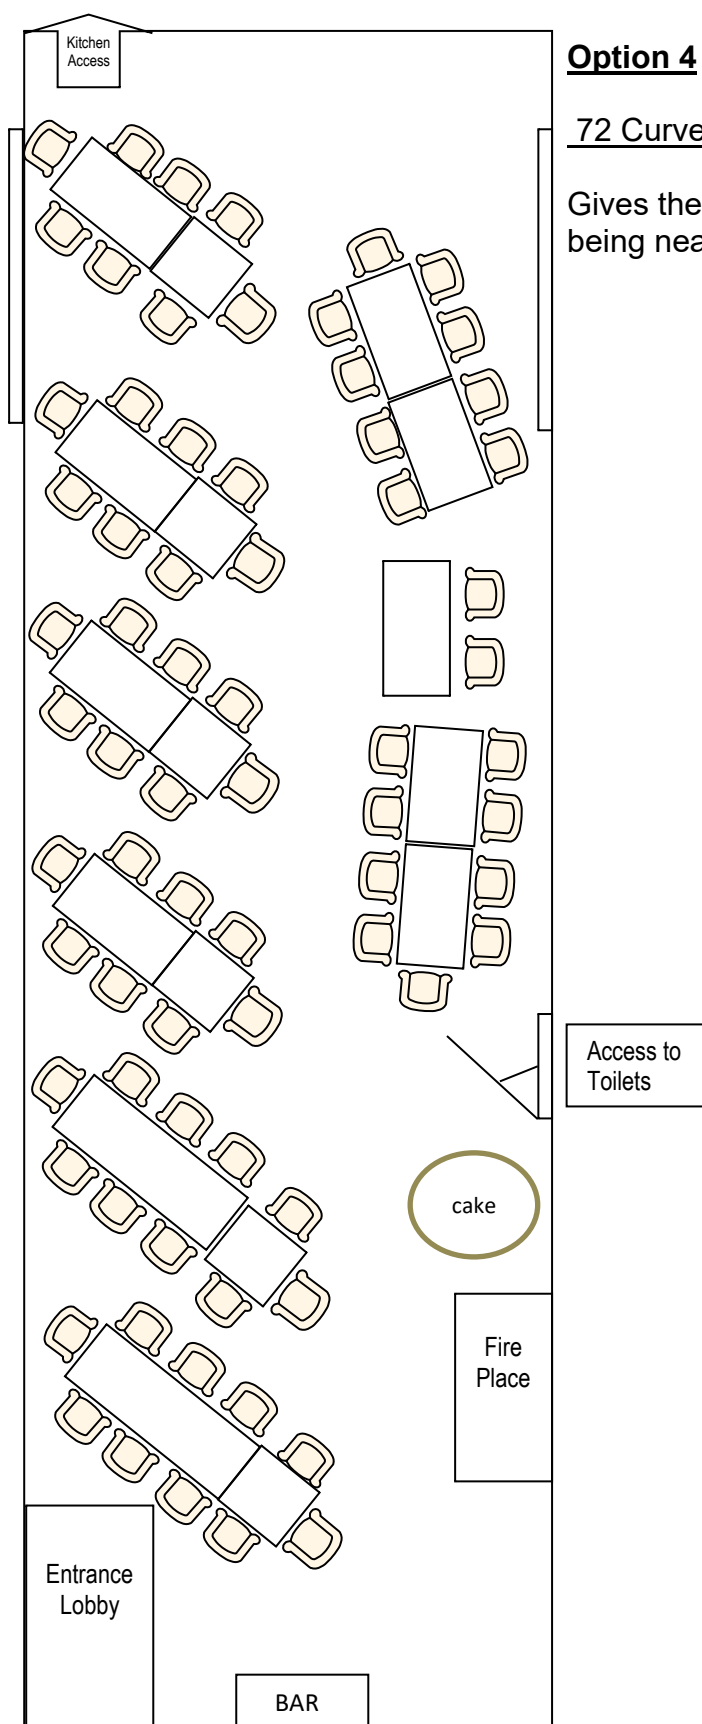

The gap is required to allow caterers to serve easier

Option 3

56 Traditional Top Table

A very popular layout.
More space can be created on top table by using trestles. These would then need tablecloths but would offer more leg room.

Option 5

68 Herringbone with Top Table on Right

Suitable for waiter service
Top table can be made up with trestle tables, these will need tablecloths. Trestles give more leg room for the top table.

Option 6

70 Banquet Style set up (not possible if having a decorative arch behind top)

Gives a very inclusive atmosphere
Space between the side walls and the backs of chairs is limited.
Trestle tables will be used for Top Table, which would need tablecloths.

This image is using every table we have.
There is no more room to add any more people as space needs to be left for access to serving staff.

Option 10

80 Traditional Herringbone with Top Table
 (not possible if having a large decorative arch behind top)

A popular layout.

Top table using trestles, these will need tablecloths.

Limited space between tables.

We will need the full 2 hours from end of ceremony to announcing guests back in to set up and tweak the table positions to maximise on space.

Option 11

80 Traditional Herringbone with sweetheart Top Table

This layout is going to be tight and uses every table we have.

We will need the full 2 hours from end of ceremony to announcing guests back in to set up and tweak the table positions to maximise on space.

Please Note:

These Table
Plans are for the
Grain Shed only
and will not fit
in the Barn.

Option A. 120 guests incl 10 on top

BAR

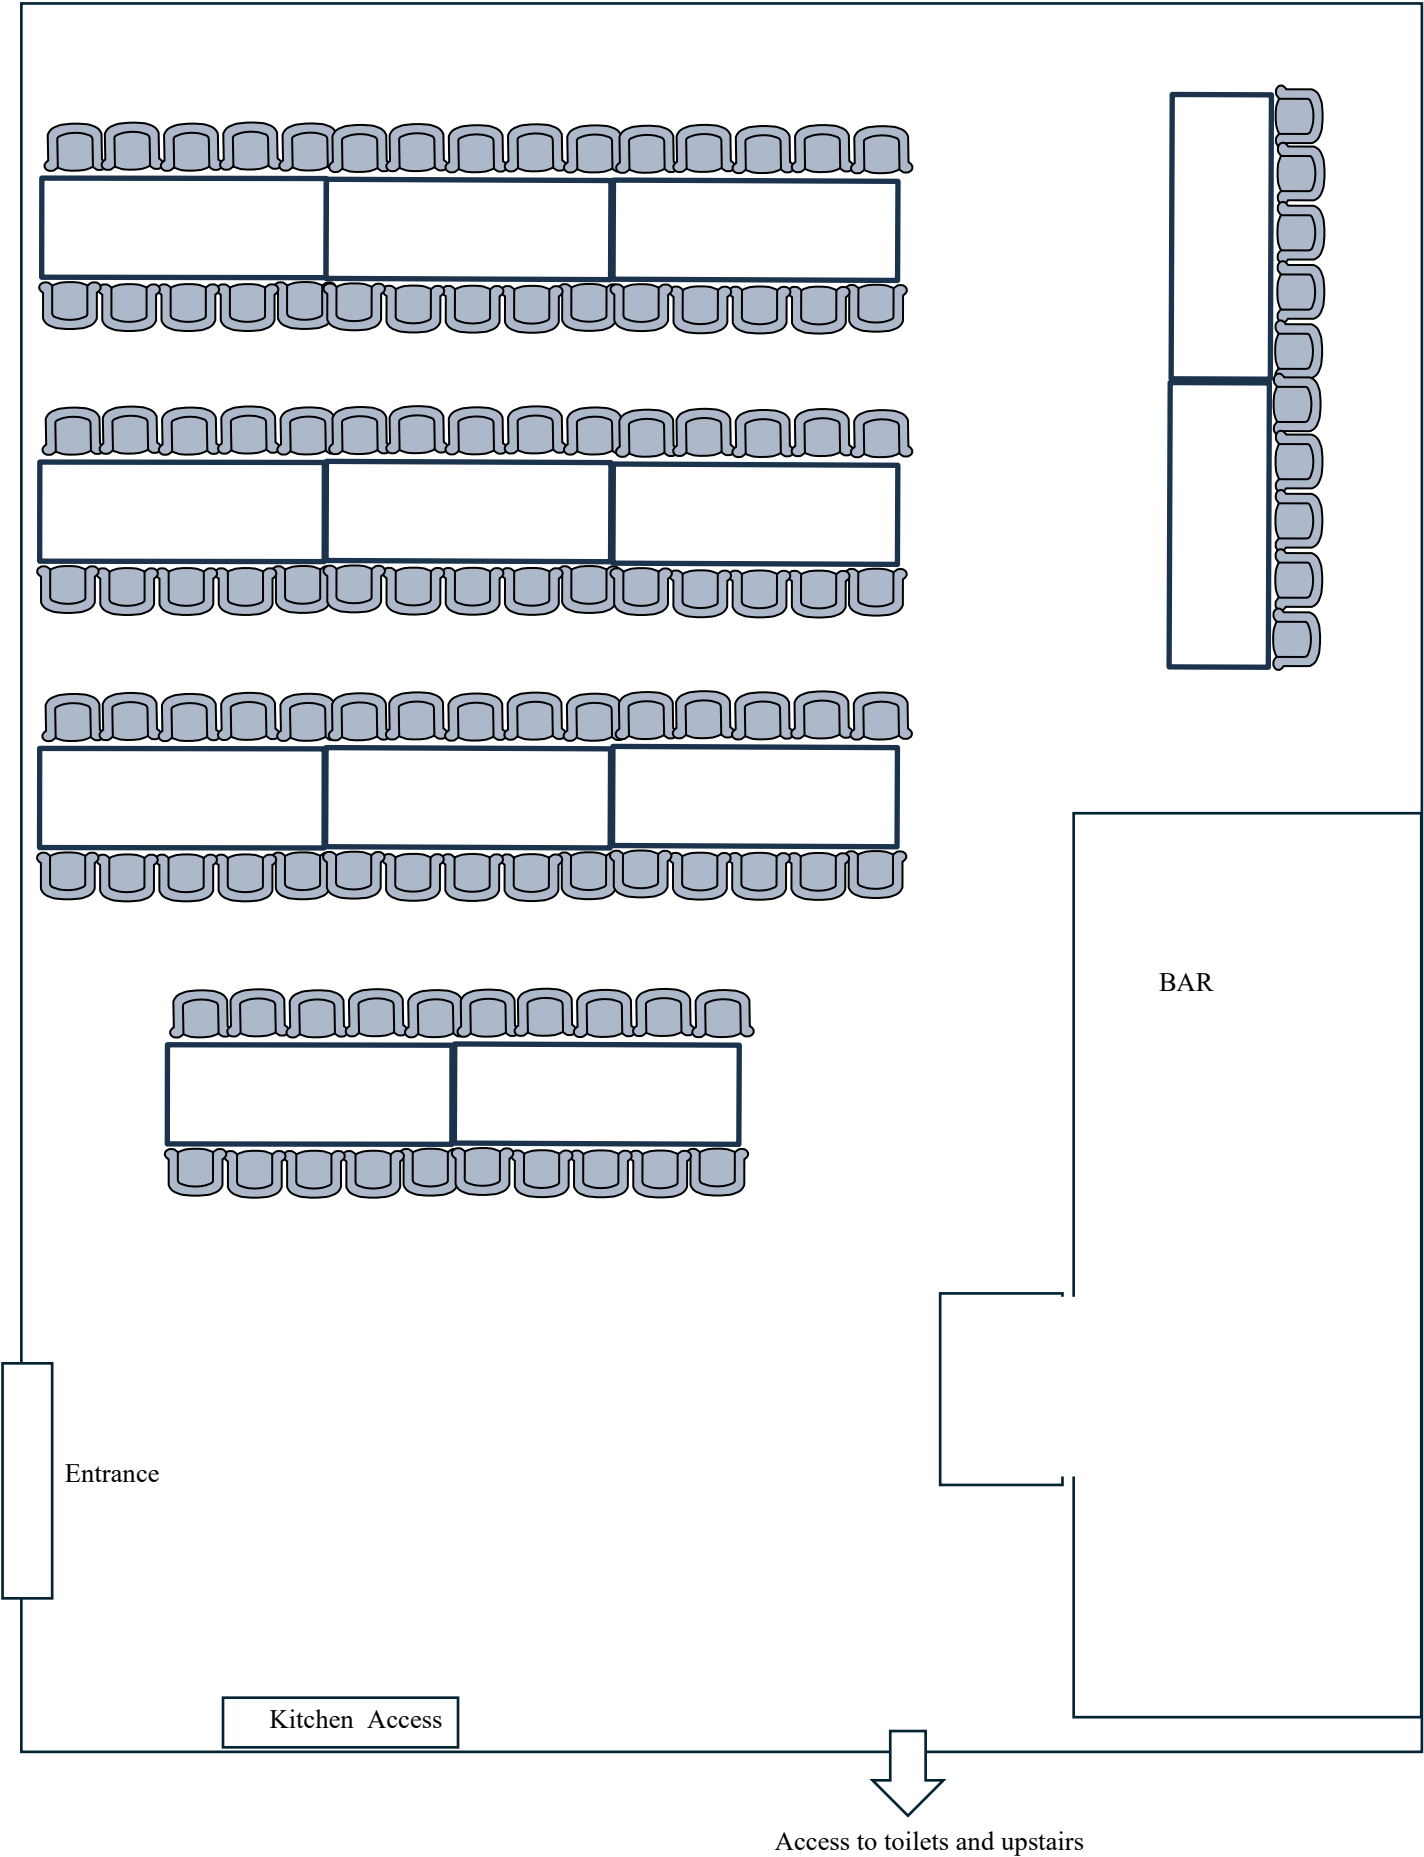

Entrance

Kitchen Access

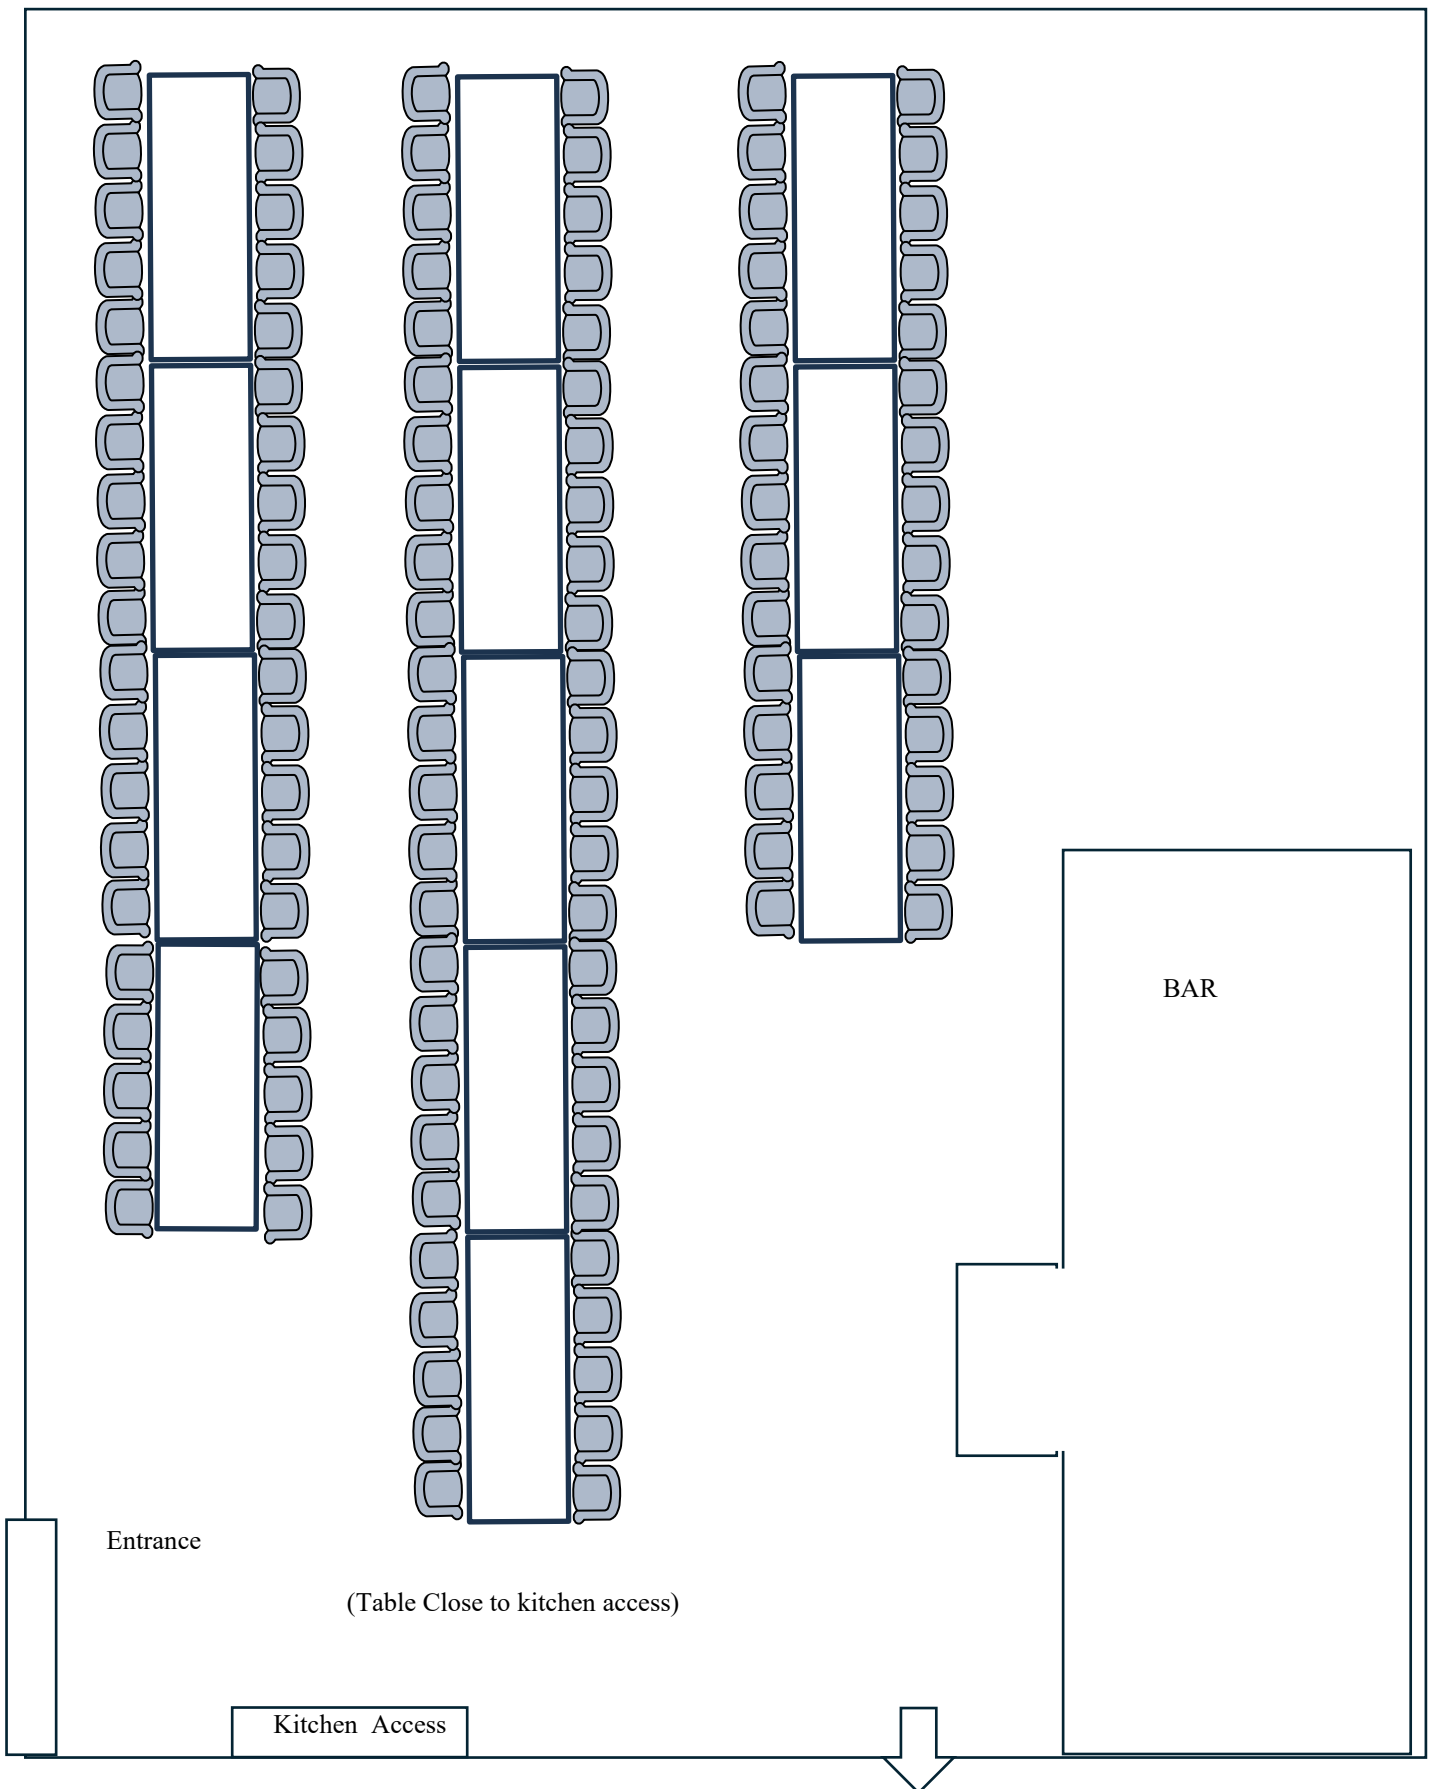

Access to toilets and upstairs
