

## **A Unifying Campaign of the Body of Christ**

Gather For Life is Next STEPP's signature campaign—mobilizing the Body of Christ to advance a culture of life through shared mission, relational engagement, and united worship.

### **Why Gather For Life?**

- **This mission belongs to the whole Church.**

The call to uphold and restore the sanctity of human life is not carried by one ministry alone. Gather For Life invites churches, families, and individuals to step into that shared calling—together.

Unity is both the means and the message.

As believers unite across congregations and generations, our cooperation becomes a visible witness to the Gospel. We believe this kind of shared mission strengthens the Church in ways few other efforts can. It's a campaign, not just an event.

Participants raise support by inviting friends and family to stand with them for life—creating natural opportunities for meaningful conversations about faith, compassion, and hope.

- **To Engage and Equip the Next Generation.**

Gather For Life intentionally invites and equips younger believers to hear God's call and take up the mantle of advancing a culture of life—alongside those who have gone before them.

### **How It Works-Big Picture**

- Individuals and teams participate as peer-to-peer fundraisers
- Churches partner together in a shared campaign
- The campaign culminates in a united worship gathering celebrating God's faithfulness

### **Our Prayer**

That God would use Gather For Life to resource life-saving ministry, form disciples, and draw His people into deeper unity—so that together, we may proclaim Him as the Author of Life.
