Fifty Churches at the Table. Hundreds of Lives Changed. One Mission to Pass On.

Dear Friend of Life,

Every day in our community, women and men face a pregnancy they did not expect. They may be frightened, uncertain, or considering abortion. They need more than information. They need someone willing to come alongside them with practical help, compassionate care, and hope.

That is what the Next STEPP Center has been doing for more than three decades. And because of the generosity of people like you, a woman who walks through our doors can discover that she is not alone. She can receive medical care, an ultrasound, material support, parenting resources, and the encouragement to choose life. A father can find support and learn how to become the father his child needs. A family can discover that the Church and the community are willing to walk with them for the long haul.

This is more than a pregnancy decision. It is an opportunity to change the trajectory of a life—and the lives of generations to come.

On Friday, October 30, we will gather at the St. Petersburg Coliseum for **Next STEPP's 33rd Anniversary Fundraising Gala, From One Generation to the Next**. We will celebrate what God has done through this ministry and look ahead to the responsibility we share to pass the mission of life on to the next generation.

Our keynote speaker will be **Nicole C. Mullen**, award-winning recording artist and songwriter, whose powerful testimony and ministry have encouraged people around the world with a message of hope, healing, and life.

We want you at the table.

We are inviting individuals, families, churches, businesses, and community leaders to sponsor and host Gala tables, bringing eight people together to hear the story of this ministry and consider how they can help carry it forward.

Host sponsorships start at \$1,200, but the opportunity is worth far more than the cost of a dinner. Your table can become a gathering place for people who believe that every life matters, every family deserves support, and the mission of life must be passed from one generation to the next.

Would you prayerfully consider sponsoring a table? And who might you invite to sit around it? Various Host Sponsorship opportunities are listed in the enclosed information sheet. Please consider the most generous level you can. We'd be glad to assign an assistant Table Host to help fill your table, if you're not sure who to invite. And if full sponsorship is outside your budgetary plans, you want to consider going in with a friend, or breaking it up into payments.

Our prayer is to see fifty churches and many other friends and partners represented at the Gala—standing together for life and investing in the generations to come.

We hope you will join us.

For Life,

Pastor Jonathan Anderson,
On Behalf of The Host Committee
The Next STEPP Center Family
