

Beautiful. **Kind.** Affordable.

OCEAN  
RANGE  
by **MECO**

# Welcome to Meco

## Where Beautiful is Kind and Affordable

Here we source, supply, and tastefully customise only high quality garments and accessories. All earning their place in our eco-friendly range. Made using only natural, recycled or reusable materials.

Reinforcing **Meco's mission** to do our bit to help clean up the planet by turning waste into the Beautiful, Kind, and Affordable.

Enjoy our beautiful eco-range and rest easy - together we won't leave a mark on the planet.

#togetherforacleanocean

If you'd like eco-inspiration, receive full product brochures of our core products or would like further information on customising call: **01590 452077** or email **ocean@mecomerchandise.com** and we'll be in touch.

“I'm thrilled how far our industry has come. The sheer quality of eco-friendly clothing and accessories we're able to offer our clients is breath-taking.”  
Jane, Director of Meco Merchandise

## A range that inspires kindness, respect, and trust...

I've been in this industry more years than I care to mention, but my own love of the ocean and a determination to only be kind to our planet has given me pin-sharp focus.

By asking the right questions, we've found like-minded, responsible suppliers who have discovered kind, sustainable ways to manufacture beautifully soft, long lasting fabrics made from recycled ocean plastics and ghost fishing nets, Fairtrade organic cotton and other recycled materials.

Together we can work towards a cleaner, brighter planet. While offering a varied eco-friendly range that inspires kindness, respect and trust; whether the ocean's your workplace, playground, paradise or racetrack.

Now that's something to be proud of!

Jane McKeon  
Director of Meco Merchandise

We have an ongoing commitment to a cleaner, more sustainable future and to put our money where our mouth is we will **donate £5 to Blue Marine Foundation (BLUE)** with every order placed with **Meco Merchandise**.

# Blue Marine Foundation

BLUE is dedicated to creating marine reserves, restoring vital habitats and establishing models of sustainable fishing.

BLUE tackles unsustainable fishing and aims to restore the world's ocean to health. They secure marine protected areas, aiming for 30% of the world's ocean to be protected by 2030. They have secured commitments to protect over 4 million square kilometres of ocean with 21 ongoing project locations around the world.

To find out more about their great projects and fantastic work, please visit [www.bluemarinefoundation.com](http://www.bluemarinefoundation.com)

## Eco friendly accessories for every occasion

Quite possibly the widest range of eco-friendly accessories you'll find.

**Planet Friendly Bags and Totes:** From cotton totes, classic and heavyweight shoppers, coolers and drawstrings to rucksacks, messengers and business bags, we've got it covered.

From toiletries, guest gifts, coordinated ranges and boat show accessories to sunglasses, power banks, USB sticks, umbrellas and reef safe sunscreens. Even pantry bags to stop those plastic critters escaping into the wash waste. But we set the benchmark high, we will only source high quality and only products made from the natural or recycled.

For some inspiration visit  
[www.mecomerchandise.com](http://www.mecomerchandise.com)

If you can't find what you're looking for, let us source it for you. We're only a call or email away for prices and details.

“All of us have created the problem of marine pollution. Working together, we can all be part of the solution.”

Jane, Director of Meco Merchandise

## What our clients are saying...

“Jane at Meco Merchandise has been a dream to work with. She has helped us with a number of projects, including customised crew bottles and thermal mugs, guest and crew t-shirts, polos, rash vests and caps, maple wood USB sticks and power banks just to name a few. I would love to recommend Jane at Meco Merchandise for the Superyacht Services Guide.”

She has been absolutely seamless throughout our build journey, her communication is next to none. I am so excited to work closely with Jane again in the future and know that she is going to become a big upcoming supplier in the industry.”

**Recommendation to the Superyacht Services Guide**

“Meco Merchandise have worked closely and tirelessly with us to research and provide sustainable solutions to address onboard and shore-based waste for 11th Hour Racing Team's Ocean Race campaign. We have been really impressed with the way they have not only provided some brilliant options for us to use day to day but are also facilitating the trials of innovative bespoke solutions not yet on the market. We look forward to continuing to work with Jane to find new ways to reduce our footprint and achieve our ambitious sustainability goals.”

**Amy Munro, Sustainability Officer, 1 Degree/11th Hour Racing Team**

“It has been an absolute pleasure to work with Jane - we had used a previous supplier in the past so were slightly dubious about trying elsewhere, but I can't fault Jane at all. She came back instantly with a quote for production of 4,000 custom-made bags that was at a considerably lower price. Communication was great throughout and we won't hesitate to use Meco Merchandise again. Highly recommend.”

**Emma Hughes, Spencers New Forest**

“Jane's service has been entirely faultless, with impeccable communication. I honestly couldn't dispute the prices especially as the quality of her products are so high and eco-friendly. Meco is so refreshing to have on board, and the best part about their service is that Jane is so personable. Thanks so much for your hard work with our projects.”

**Rosie Bradley, Senior Service, M/Y Zen**

“Couldn't be happier with our branded merchandise. Jane's understanding and attentiveness throughout the process helped for a fluid transition from initial email to high quality products. Would highly recommend to any business who is looking for a personal and professional experience.”

**Ben Rossi, One Bag Company**

“I love what Jane is doing, with her Meco Merchandise clothing for yachts - such a breath of fresh air, a great find!”

**Undisclosed**

“I have now worked with Meco Merchandise for some time and on a number of projects. I am extremely busy and the stress of buying the correct material and sizes has been taken off my hands! The ease of communication, delivery timings and in fact everything has made Meco Merchandise a joy to work with and really reduces my workload. I am always delighted with the products and the service I receive. Thank you.”

**Emma Jackman, Founder and Director, Conscious Chocolate**
