

Reschedule Policy

The open reschedule window without fees for the Competitive Advanced Leagues is the week after schedules are posted by CSA. Any reschedules submitted after the open window that fall outside of the exceptions posted in CSA Rules and Procedures 7.7.d will be reviewed, and the \$100 game change fee will be charged to the team. Weather cancellation is an exception.

For reschedules outside of the open window, CSA designates each Wednesday at 12:00pm prior to the weekend of play as the last day for changes to reschedule a game. If a game is cancelled after this day, then the team will also need to pay the referee fees for the game rescheduling or cancellation directly to the home club. All make up games must be played (and reported to CSA) by the date established by CSA. If one or more games remain incomplete after the last day to report, then only the games completed shall be used to determine that team's standings.

For teams playing in the Front Range League, there is a 10 day open reschedule window after schedules post. Please use this time to get reschedules that you know of done. Unlike the Advanced League, the Front Range League allows reschedules to occur without a fee during the season. Club admins can reschedule games until Wednesday at 12:00pm the week of the game. Teams that cancel games after this day are subject to paying referee fees to the home club.

Teams playing in the Front Range and Advanced CSA leagues are required to travel outside the Denver Metro area. Teams/players are required to play all scheduled games. Teams refusing to play games due to travel or any other reason will be subject to a \$500 forfeit fee by CSA, paid by the team.
