Important Tax Information

Revocable Pre-need Funeral Contracts

The Internal Revenue Service has ruled that because the purchaser may cancel the Contract at any time before the services are performed, the purchaser has control of the funds and therefore the income on the funds is taxable to the purchaser. In accordance with the I.R.S. regulations, we send the purchaser an annual statement of income (Form 1099). This information must be included with the purchaser's income tax return and a tax paid on the income if the purchaser pays any tax.

Irrevocable Pre-need Funeral Contracts & Qualified Funeral Trust Contracts

The Internal Revenue Service has ruled that because the purchaser cannot cancel the Contract and receive any funds from the Escrow agent, the tax on the income of the fund can be paid by the fund administrator. This amount is deducted annually from the fund. In accordance with State Law, we send the purchaser an annual statement of income on the fund. This income does not have to be included with any income tax return.
