Testimonial

Heidi & Luke November 2025

“ The property is nothing short of breathtaking. It has that rare, jaw-dropping wow factor that leaves everyone speechless. Our guests were blown away and commented all day and night about how spectacular it was.

As a wedding venue, The Moorings is the perfect romantic fairy-tale backdrop. It exudes a magical, boho-luxe vibe with a variety of beautiful spaces to choose from and thoughtful “just-in-case” weather backups (which we almost needed!). We had our afternoon ceremony by the lake, cocktails and canapés beside the lakeside marquee with cruisy tunes, dinner in the magnificent wedding marquee and dancing in the Rainbow Room with its stunning hardwood floor. Our guests loved the natural progression through each space as the day turned to night.

The photos and video captured here are absolutely next-level, every shot looks cinematic

It’s truly an Instagram dream!

You can feel the love and care that’s gone into every corner of the property. We learned that the owners, Elaine and David, planted every single tree and built every structure themselves, just incredible! The management team, David and Mirella, are warm, accommodating, and incredibly professional. They go above and beyond to make everything run smoothly.

In the lead-up, I worked mostly with Mirella, she was an absolute gem: calm, organised, and such a reassuring presence. Her reminders and checklists were invaluable, I would’ve been far less organised without her!

The accommodation was fantastic, comfortably hosting our group of 14 with plenty of space and style. Every element delights the senses, the decor, architecture, gardens, and sweeping lake views. The land itself feels peaceful and grounding. On the morning of the wedding, I even had time to unwind in the sauna and dip in the lake, such a calming way to start the day.

It’s the little luxuries, thoughtful details, and lush gardens that make this place feel so special. The Moorings Lakehouse perfectly blends upmarket elegance with rustic charm, exactly what we dreamed of for our lakeside garden wedding. We even took a wander through the orchard and veggie garden, which added to the magic of the weekend.

I’m still reminiscing about how truly incredible our wedding was here. The Moorings Lakehouse is everything you could hope for and more. Thank you from the bottom of our hearts to the entire team for sharing this remarkable property and helping bring our dream wedding to life. ”

Local Area

The Seal Rocks / Pacific Palms / Great Lakes area is iconic with 3 National Parks, 3 Great Lakes and 60km of pristine coast line.

The diversity of eco systems and lack of development makes this area a highlight of the NSW coastline. Pristine beaches include: Blueys, Boomerang, Elizabeth, Cellito, Seal Rocks and Treachery. The lighthouse at Seal Rocks makes for a wonderful half day trip. Many of these highlights are only 20 mins drive from the property.

A favourite is the rain forest boardwalk into Cellito Beach. Calmer surf conditions are found at Elizabeth beach and Shelly beach is one for the naturalists when you want to get out of a Southerly wind.

There are several wonderful bush walks in the area. We are fringed by the Wallingat National Park which is home to the Whoota Whoota lookout and the Cabbage Palm Loop Trail only a 25 min drive from the property. Booti Booti National park has an excellent coastal cliff walk starting at the North end of Elizabeth Beach.
