Extremely lightweight, comfortable, strong and stable and can be disassembled into parts in a matter of seconds for easy lifting and transportation. Complete chassis is manufactured from ultra-lightweight aircraft-grade aluminium for optimum durability and long-lasting use and combined with the ultra-light high-capacity lithium battery offers a great solution for the user that needs a 'car-transportable' mobility solution. Comfortable and spacious deep foam seat, gives a fantastically enjoyable driving experience. Shallow floor plate design helps provide exceptional legroom even for the taller user. Adjustable arm-widths, swivel seat, powerful front LED light, secure-grip delta handlebar and choice of pneumatic 'Soft-Ride' or solid 'Puncture-Proof' tyres.
