Consolidation to October 28, 2025

**Section 1 - INTERPRETATION AND ADMINISTRATION**

- 1.1 **Title:** This By-law shall be known as the “*Township* of McMurrich/Monteith Zoning By-law”.
- 1.2 **Lands Affected by this By-law:** This by-law applies to all lands within the *Township*.
- 1.3 **Validity:** Should any section or provision of this By-law for any reason be declared invalid by a court of competent jurisdiction, such declaration does not affect the validity of the By-law as a whole and all the remaining sections or provisions of this By-law remain in full force and effect until repealed.
- 1.4 **Effective Date:** This By-law shall come into force in accordance with Section 34 of the Planning Act, R.S.O. 1990, as amended.
- 1.5 **Appeals:** Where one or more appeals are filed under subsection 34(19) of the Planning Act, the affected portions of this By-law do not come into force until all such appeals have been withdrawn or finally disposed of, whereupon the By-law, except for those parts of it that are replaced by or at the direction of the Ontario Municipal Board, is deemed to have come into force on the day that it was passed.
- 1.6 **Repeal of *Existing* By-laws:** The following zoning by-laws are repealed upon the coming into force of this by-law:
- By-law 09-2013
  - By-law 28-2013
  - By-law 12-2014
  - By-law 24-2014
  - By-law 25-2014
  - By-law 10-2015
- 1.7 **Interpretation of Words:** For the purposes of this By-law:
- i) words used in the present tense include the future;
  - ii) words in singular form include plural, and words in the plural form include the singular;
  - iii) the word “shall” is mandatory;

- iv) the words “*used*” and “*occupied*” also mean “*designed to be used*” and “*designed to be occupied*”; and
- v) the words indicated in *Italic* are defined in Section 2, “Definitions”.

#### 1.8 Interpretation:

- i) Where a situation arises that is not covered by a specific regulation, or where two or more regulations are equally applicable, all provisions must be complied with or, where it is not possible to comply with all the provisions applicable, the most restrictive provisions must be complied with.
- ii) The provisions of this By-law are the minimum requirements except where the word “maximum” is used, in which case the maximum requirement applies.
- iii) Unless otherwise defined in Section 2, the words and phrases used in this By-law have their normal and ordinary meaning.
- iv) Tables are part of the By-law and are used throughout to present regulations in a concise format.
- v) All measurements in this By-law appear in metric. Imperial measurements are shown for convenience only.

#### 1.9 Boundary Interpretation: Where any uncertainty exists as to the location of any boundary of any *zone*, the following applies:

- i) where the boundary is shown as following a *Street*, lane, right-of-way, or electrical transmission line, the *zone* boundary is the centre line of such;
- ii) where the boundary is shown as substantially following the *lot line* on a registered plan of subdivision or a reference plan, the *zone* boundary is the *lot line*;
- iii) where the boundary is shown as substantially following the *high water mark* of a *waterbody*, the *zone* boundary is the *high water mark*;
- iv) the precise location of the boundary of the regulatory floor elevation shall be determined by a surveyor, and shall be based on the elevations noted in Section 4.4 of this by-law;
- v) the precise location of the boundary of the Environmental Protection One or Two (EP1 or EP2) zones may be determined by a surveyor or qualified environmental consultant, to the satisfaction of the Township;
- vi) where uncertainty exists as to the boundary of any *zone* then the boundary of such *zone* shall be determined in accordance with the scale on the applicable Schedule at the original size; or,
- vii) where the lot fabric on the base map is found to be incorrect, the zone symbol would apply to the lot as it legally exists, as shown on a survey or more updated base map.

- 1.10 **Conformity and Compliance with Zoning By-law:** No land, *building* or *structure* may be used, *erected* or *altered* except in accordance with the provisions of this By-law.
- 1.11 **Other Requirements:** Nothing in this Bylaw shall serve to relieve any person from any obligation to comply with the requirements of any other by-law of the *Township* or any requirement of the Province of Ontario or Government of Canada that may affect the *use* of lands, *buildings* or *structures* in the *Township*.
- 1.12 **Zones:** For the purposes of this By-law, the following *zones* are established and they may be referred to by the name or by the symbol set opposite the name of the *zone* below:

- 1.14 **Zoning of Water and parcels of land that do not have a zone symbol:** All permanent bodies of water are zoned Open Space (OS). Any parcel of land that does not have a zone symbol on the Schedules to this By-law shall be zoned Open Space (OS).
- 1.15 **Special Zones:** A *zone* symbol followed by a number (for example, “WR-2”), denotes a special *zone*. The permitted *uses* and *zone provisions* for such special *zone* shall be set out in Section 4.5 of this By-law.
- 1.16 **Property Detail Schedules:** Property Detail Schedules form part of this By-law and are identified as Schedule F. These schedules more particularly show the boundary of the zone or property and any special provisions applicable to the property.
- 1.17 **Holding Zones:**
- i) Where a *zone* symbol is followed by the letter “H” (for example, WR-H), the land shall only be used for *existing uses*, the minor expansion of those *uses*, or open space or outdoor recreation *uses* which do not require the *erection* of a *building* or *structure* or the placement or removal of fill, and shall be subject to any applicable provisions of Section 4.6.

- ii) Council may pass a By-law pursuant to Section 36 of the Planning Act to remove the Holding (H) Symbol thereby placing the lands in the *zone* indicated by the *zone* symbol, when all of the applicable requirements have been met.
- 1.18 **Enforcement:** Any person convicted of a violation of this By-law is liable, at the discretion of the convicting Justice, on first conviction to a fine of not more than \$25,000 and on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted.
- 1.19 **Level of Municipal Services:** This By-law does not imply the provision or availability of a specific level of municipal services on individual *lots* in the *Township*. *Lots* that do not abut year round publicly maintained roads may not have the same level of municipal services as do *lots* fronting on other *public roads*.
- 1.20 **Technical Revisions to the Zoning By-law:** Revisions may be made to this By-law without the need for a zoning by-law amendment in the following cases:
- i) Correction of grammar or typographical errors or revisions to format in a manner that does not change the intent of a provision.
  - ii) Adding or revising technical information on maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updating and correcting infrastructure information, keys, legends or title blocks.
  - iii) Changes to appendices, footnotes, headings, indices, marginal notes, table of contents, illustrations, historical or reference information, page numbering, footers and headers, which do not form a part of this By-law and are editorially inserted for convenience of reference only.
  - iv) Minor adjustments to the boundary of the Environmental Protection Zone on a property may be made, without amendment to the Zoning By-law, where the Chief Building Official for the *Township* is satisfied that the mapping of the Environmental Protection Zone on a schedule is in obvious error.
