<p>Badge</p> 	<p><u>Outdoor Adventurer</u></p> <p>For this program, may we suggest visiting our Sams Lake Bird Sanctuary? Bring your binoculars since there are many places to stop over the water, do some sky and cloud gazing, look for tracks by the water and look for any of the dozens of birds that make Sams Lake their home. Towards the end of our hike, we'll play a fun survival game that focuses on bird migrations and the importance of Stop Over places, like Sams Lake! Then we'll learn about safe ways to help migrating birds and make pinecone bird feeders to take home.</p>
