K – 1st Grade

<p>Badge</p> 	<p><u>Outdoor Art Maker</u></p> <p>We'll start the program by discussing all the colors we can find in nature and playing a color relay game to see just how colorful our world can be. Then the Girl Scouts will take a quick nature walk around the property to explore the sounds and music of nature. We'll identify birds, insects, and other woodland sounds we're surrounded by but sometimes don't pay attention to. Finally, we'll discuss the Leave No Trace principles and create some Leave No Trace art. Bring your phone to take only memories!</p>
