MYSO Umpire Protocol

Here are the things you need to know about working with MYSO umpires

Scheduling a game

A game can be scheduled by sending an email to chris.jakubek3@gmail.com. We can work with any format, but would like the information listed as follows:

1) Date of each game
2) Time of each game
3) Name and age group of your team
4) Location of game

You can update and modify your game schedule at any time up to 48 hours before game time. Any changes with less than 48 hours notice should be sent via text to make sure I get the change (410) 340-3480.

Canceling a game

To avoid any fees, games must be canceled with at least 2-hour notice. This is necessary to give the scheduler time to contact umpires and allow time for the umpires to adjust their schedules. If less than 2-hour notice is given, there may be a show up fee (defined below) charged to the team.

Show up fee

If an umpire is in route to a game, or has arrived at the field and the game is cancelled, a show up fee is due to the umpire. A show up fee is 50% of the game fee.

Payment

Umpires are entitled to full game fee payment after the first pitch is thrown. Payment for umpire services will be billed at the conclusion of each month.

There is a $6 scheduling fee for each game scheduled. This will be billed monthly.

Make Up/Suspended Games

Make up/suspended games are treated as new games for the purpose of payment and scheduling fee.

Game Confirmations

We use scheduling software to manage our games. If you request it, you can receive an email 2-3 days prior to your game as a game confirmation. This ensures that your game is going to be covered. If you do not receive an email, your game might not be scheduled. Please contact me if this ever happens.

Thank you for your business!
