

MaryJane Green

Statement

I have a dear friend since we were young. He became blind from a freak accident when he was appx 11 yrs. He is now a NJ Judge and has a remarkable personal story. His & my favorite flower is a Sunflower. I painted this for both of us!

Since I moved back to the shore 8 yrs ago I have been able to paint & study most of the time. I exhibit & have won awards in various local showings. Everything I see & experience becomes a painting in my mind's eye.

I'm very influenced by Van Gogh & other Impressions. To be accepted for this exhibit is very special to me."
