

Kempsey - Armidale Road Restoration

Appendix F

Community Consultation List

Table 1 Summary of previous community consultation and communication

| Date | Activity | Comment/ description |
|------------|--|--|
| 16/10/2021 | Stakeholder meeting / drop in session | Onsite meeting at Lower Creek RFS shed |
| 12/11/2021 | Email and web update | Load limits, road and works status |
| 12/11/2021 | Project update / flyer /print material | Project status update Content includes: Emergency works carried out, funding for further emergency works, outcome form October 16 community meeting and how to stay informed. |
| 13/12/2021 | Project information signage | Road closed signs located off project near Kempsey and Wollomombi |
| 27/02/2022 | Email and web update | Flying Fox cutting landslip road closure, PDF Feb flyer, culvert design PDF's |
| 28/02/2022 | Email and web update | Further landslip and road closures |
| 1/03/2022 | Email and web update | Clearing of landslips and road status |
| 2/03/2022 | Email and web update | Ongoing road clearing, pending road opening |
| 3/03/2022 | Email and web update | KAR open to local traffic, emergency & essential services only |
| 7/03/2022 | Email and web update | Tree blocking road - road closure |
| 9/03/2022 | Email and web update | 4.3 tonne gvm load limit, ongoing geotech investigations, design for reconstruct of Flying Fox cutting |
| 15/03/2022 | Email and web update | Specialist contractors engaged to repair major slips such as Flying Fox cutting |
| 9/03/2022 | Email and web update | 4.3 tonne gvm load limit, ongoing geotech investigations, design for reconstruct of Flying Fox cutting |
| 15/03/2022 | Email and web update | Specialist contractors engaged to repair major slips such as Flying Fox cutting |
| 17/03/2022 | Email and web update | Residents to collect mail from Wollomombi PO (west of Flying Fox cutting) & Bellbrook PO (east of Flying Fox cutting) |
| 28/03/2022 | Email and web update | Road status, ongoing geotech & design, load limits, repair works status |
| 5/04/2022 | Email and web update | Road and works status, further slips |
| 14/04/2022 | Email and web update | Road and works status, additional contractors for multiple work sites |
| 19/04/2022 | Email and web update | Road & works status, road closure /restrictions for new works at Waterfall Corner & Flying Fox cutting |
| 29/04/2022 | Email and web update | Road & works status, road closure / restrictions |
| 12/05/2022 | Email and web update | Project status update #1 PDF posted |
| 23/05/2022 | Email and web update | Road & works status, road closure / restrictions |
| 27/05/2022 | Email and web update | Road & works status, road closure /restrictions for works at Waterfall Corner & Flying Fox cutting |
| 23/05/2022 | Email and web update | Road & works status, road closure / restrictions |
| 27/05/2022 | Email and web update | Road & works status, road closure /restrictions for works at Waterfall Corner & Flying Fox cutting |
| 31/05/2022 | Email and web update | Severe weather impact on road works |
| 10/06/2022 | Email and web update | Road & works status, road closure /restrictions for works at Waterfall Corner & Flying Fox cutting |
| 17/06/2022 | Email and web update | Road & works status, road closure /restrictions for works at Waterfall Corner & Flying Fox cutting |
| 21/06/2022 | Email and web update | Road closure between George's Junction and curve 2 |
| 24/06/2022 | Email and web update | Site inspection by tenderers for main construction contract |
| 30/06/2022 | Email and web update | Opening of Flying Fox cutting, restricted access, 4.3t load limit |
| 6/07/2022 | Email and web update | Road closure due to severe weather warning/event |
| 7/07/2022 | Email and web update | Opening of road for local residents, emergency & essential services |
| 8/07/2022 | Email and web update | Road & works status, road closure / restrictions, critical concrete works |
| 15/07/2022 | Email and web update | Road & works status, road closure / restrictions, critical concrete works, mail collection |
| 22/07/2022 | Email and web update | Road & works status, road closure / restrictions |
| 29/07/2022 | Email and web update | Road & works status, road closure / restrictions |
| 5/08/2022 | Email and web update | Road & works status, road closure / restrictions, load limits |
| 17/08/2022 | Email and web update | Road & works status, road closure / restrictions, load limits, mail collection |
| 26/08/2022 | Email and web update | Upcoming road closures and works status, load limits |

| Date | Activity | Comment/ description |
|------------|--|---|
| 1/09/2022 | Email and web update | Traffic alert re road closures, works update |
| 6/09/2022 | Email and web update | Access to Kempsey and Armidale cattle sales, increased load limits, road & works update, change to work roster |
| 20/09/2022 | Email and web update | Mail delivery options, load limits, road status & works update, project gates, electronic messaging board info |
| 23/09/2022 | Email and web update | Traffic alert re road closure at Flying Fox cutting |
| 25/09/2022 | Email and web update | Traffic alert re road opening at Flying Fox cutting |
| 26/09/2022 | Email and web update | Increased load limits, uhf radios |
| 29/09/2022 | Email and web update | Road status & works update, load limits, work shift calendar |
| 7/10/2022 | Email and web update | Road status & works update, load limits |
| 14/10/2022 | Email and web update | Road status & works update, load limits |
| 18/10/2022 | Email and web update | Traffic alert for essential concrete works at Waterfall Corner |
| 27/10/2022 | Email and web update | Update re road closure at Smith's Bluff, road open |
| 18/10/2022 | Email and web update | Traffic alert for essential concrete works at Waterfall Corner |
| 27/10/2022 | Email and web update | Update re road closure at Smith's Bluff, road open |
| 27/10/2022 | Email and web update | Traffic alert, road closure due to exposed explosives, works calendar, load limits & soil nail walls fact sheets posted |
| 28/10/2022 | Email and web update | Traffic alert change to traffic window in November |
| 28/10/2022 | Email and web update | Road status & works update, access restrictions, load limits |
| 30/10/2022 | Email and web update | Road status & works update |
| 2/11/2022 | Email and web update | Road status & works update, access restrictions, load limits |
| 10/11/2022 | Email and web update | Road status & works update, access restrictions, load limits, upcoming change of traffic window |
| 14/11/2022 | Email and web update | Traffic alert for road closure at Smith's Bluff |
| 17/11/2022 | Email and web update | Road status & works update, access restrictions, load limits, upcoming change of traffic window |
| 24/11/2022 | Email and web update | Preferred contractor for ECI Deed & Early Works Contract, road status & works update, access restrictions, load limits |
| 25/11/2022 | Email and web update | Road status & works update, short travel delays |
| 28/11/2022 | Email and web update | Road status & works update, short travel delays |
| 1/12/2022 | Email and web update | Road status & works update, access restrictions, load limits |
| 7/12/2022 | Email and web update | Traffic alert for road closure at Flying Fox cutting, extension of work shift |
| 9/12/2022 | Email and web update | Road status & works update, access restrictions, load limits |
| 13/12/2022 | Email and web update | Investigations at Blackbird Flat and Flying Fox Cutting, traffic delays |
| 23/12/2022 | Email and web update | Road status & works update, access restrictions, load limits, project update flyer pdf posted |
| 23/12/2022 | Electronic messaging board | Road closed signs located at either end of the project |
| 18/12/2020 | Project update / flyer /print material | Initial newsletter explaining what happened and what works were to be carried out |
| 12/05/2022 | Project update / flyer /print material | Project status update #1 - emergency recovery works |
| 22/07/2022 | Project update / flyer /print material | Project status update #2 - funding announced, recovery works update |
| 25/10/2022 | Project update / flyer /print material | Project status update #3 - Mail redirection proposal, increased load limits begin |
| 27/10/2022 | Project update / flyer /print material | Load limits fact sheet |
| 27/10/2022 | Project update / flyer /print material | Soil nail walls fact sheet |
| 17/11/2022 | Project update / flyer /print material | Project status update #4 - increased load limits, change to traffic window |
| 23/12/2022 | Project update / flyer /print material | Project status update #5 - preferred tenderer for ECI & early works contract |
| 6/01/2023 | Email and web update | Road and works status |
| 11/01/2023 | Email and web update | Traffic alert and load limits |
| 13/01/2023 | Email and web update | Load limits, road and works status |
| 18/01/2023 | Email and web update | Invitation for community meeting #1 on 4/2/23 emailed out |
| 20/01/2023 | Email and web update | Load limits, road and works status |
| 26/01/2023 | Email and web update | Load limits, road and works status |
| 27/01/2023 | Email and web update | Load limits, road and works status |
| 3/02/2023 | Email and web update | Load limits, road and works status |

| Date | Activity | Comment/ description |
|------------|--|---|
| 4/02/2023 | Stakeholder meeting / drop in session | Community meeting at George's Junction Campground - introduce new member of the project team, general discussion to identify community issues around road access during main construction works. 27 attendees from community and 8 members of the project team and Council. |
