- Chemicals needed to balance your water are included at the time of visit-Excluding Sil-kBalance.
- Water needs to be accessible during entire length of contract for use by St Louis Hot Tub Warehouse as needed for water care
- To complete your service, our Service Technicians require an unobstructed path to the hot tub free of snow, ice or storage items. St Louis Hot Tub Warehouse reserves the right not to complete service if our Technicians do not have sufficient access. Additional charges may apply for any required return visits.
- St Louis Hot Tub Warehouse will waive the Service Charge for service visits needed during an active water care contract. Delivery of a newly purchased cover is also included during an active water care contract.
