

Allied Health Professions (AHPs) in Social care and Health care

Buckinghamshire Experts by Experience Focus Group

We are looking for people with experience of moving from hospitals in Buckinghamshire to home to share their views and experience.

The Buckinghamshire Experts by Experience focus group will shape and influence services for the future. In particular how Allied Health Professionals (such as occupational therapists and physiotherapists) in social care and health care work together, and how this affects people accessing these services. This is part of a wider project in South East England.

IS THIS FOR ME?

- ✓ I have been in hospital within the last six months
- ✓ I am happy to share my experience and ideas
- ✓ I can tell you how things could be better across the different services/professionals that helped me
- ✓ I would like to make a difference to the delivery of both health and social care services in Buckinghamshire

WHAT WILL I GET OUT OF IT?

- ✓ I will have my voice heard, as an "expert by experience"
- ✓ I can share my experience of:
 - what worked well for me
 - what could be improved upon?
- ✓ My involvement will help inform and support the Allied Health Professionals in Buckinghamshire work better together

I AM INTERESTED, WHAT DO I DO NEXT? SCAN THE QR CODE FOR MORE INFO
