Unbound Potential Chiropractic

Searching For Your Health?

We use a neurologically based, gentle technique with no twisting, cracking or popping. We've come to know that large amounts of force aren't needed to make adjustments to the nervous system.

We use an approach that, over time, teaches the body how to process through highly demanding situations with more ease and efficiency.

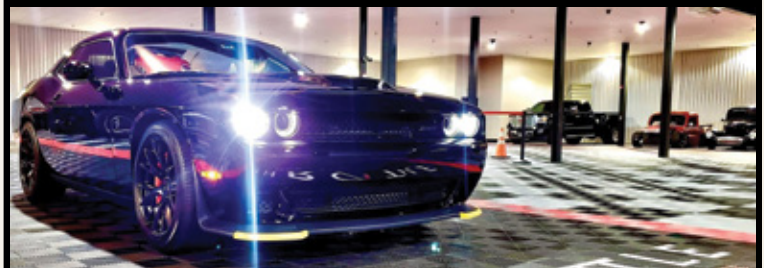

After just two months of care, a practice member shared that, "my body feels more balanced and even" and most importantly "I feel hopeful and experience more joy. I've had much improvement of low back pain and headaches and moderate improvement of my insomnia. I get to spend more time outside enjoying the day with my husband instead of being tucked away inside hiding from the pain. It has been such a great experience at Unbound Potential Chiropractic!"

GELINAS
HVAC SERVICES

HEATING • COOLING • PLUMBING • HEAT PUMPS

Did you know that as much as half the energy used in your home goes to heating and cooling? What if there was a solution that could cut your energy consumption up to 30%, AND keep you comfortable all year?

Heat Pumps are a great alternative to traditional heating and cooling systems – all in one piece of equipment! Heat pumps provide a central system for heating and cooling that is extremely energy efficient, and far less invasive to install than traditional systems. Because they move heat rather than generate heat, they do not require fuel consumption, and provide equivalent space heating and conditioning of at least 1/4 of the cost of operating conventional heating and cooling appliances.

Call us today for a free quote!

Hello, we're Keep It Local Maine!

This is a magazine dreamed, designed, and done by people who live in Maine and who are passionate about local businesses. From start to finish, everything we do is designed, printed, and mailed right here in Maine. We are very excited to be sharing businesses from in and around the Falmouth, Cumberland, & Yarmouth areas with you every other month. Because when we support a locally owned business, you're doing more than purchasing a product or a service - you're helping the people around you. If you have a business that you'd like to share with thousands of people in and around your community, we'd love to talk with you!

WHAT IS KEEP IT LOCAL MAINE?

We are a multimedia advertising program that supports and grows local businesses. Our goal is to offer a high quality, memorable, beautiful, and economical way for people to promote their businesses. We utilize a combination of direct mail combined with digital reach through our website and social media outlets. Each of our magazines is distributed to 13,000 homes and businesses. We then post on Facebook and Twitter as well as our website where publications can be downloaded.
