Selection & Knowledge That Can't Be Beat!

When it comes to buying your next major appliance, there are a lot of choices out there, but there's only one that can match or beat any price (even from the big box stores) and is just a phone call away!
Stop in to see Tony or Cam to find the right deals, and then let Justin and Orion ensure your appliances are installed correctly and safely. With a 300,000 square foot central warehouse, $600 million in buying power, availability of all major brands, and delivery options within a week or two on anything in stock, we know we're the right choice for you!

★★★★★

"Great experience from consult to install. I purchased a full kitchen package from Appliance Warehouse. Everybody's prices were within a few dollars of each other; what made this a great experience was that Cam listened and guided me in the selection of products. He also made sure I was aware of any current rebates available from the manufacturer.
The delivery was far beyond "white glove". Justin and Orion took really good care in seeing nothing in my home was damaged. They checked each appliance for leaks and level. And of course, that they worked. They even took time to show me how to operate the "newfangled" options on some of the appliances. From my experience, I would (and have already) recommend Appliance Warehouse to anybody in the market for appliances."

Choose Your Tomorrow at The Park Danforth

"I had some concerns, as I suspect most people entering senior living may have, regarding our social lives and whether we would develop friends here. Not only have my wife and I been able to maintain existing relationships, but we have met several new people here ... people we now consider to be our friends. The life enrichment program is designed to nurture interaction between people. The hostess in the Main Dining Room seats new guests with compatible table mates and within days, individuals become neighbors and friends. The floor we live on has become our new neighborhood. The people living here seem to understand that all of us have been new to The Park Danforth at some point. Everyone is so friendly here. My wife and I could not feel more at home."

"Having never been through the home building process before, we were nervous about what the experience would be like and with Eric, we truly enjoyed the entire process. Eric is a wonderful communicator; anytime we had questions, he would get back to us immediately and he kept us up to date on our project from start to finish. We appreciated his transparency with options and pricing and felt like all of the preferred vendors were so kind and accommodating to us. The crew were all so nice and skilled at their craft; we are still amazed by their craftsmanship; from framing to finish work, they truly did an incredible job. The entire process was fun, low stress and exciting and we have Eric to thank for that. Through the entire project, we felt cared for and if given the opportunity to work with Eric and his team again, we would do it in a heartbeat; they took our dream home from paper to final product and we couldn't be happier with the results."
