1. Any violation of rules published in the fair book will automatically result in disqualification. Further, any premium monies, trophies, special awards, or other consideration earned will be forfeited.
2. The following rules and regulations will apply to each division of the Youth Department. Exhibitors and their parents, leaders, and others involved are required to familiarize themselves with all rules.
3. The Hillsdale County Agricultural Society empowered the Youth Division Fair Advisory Committee to develop and enforce said policies of the Youth Department of the Hillsdale County Fair. Matters, questions, and differences connected with or incidental to the Youth Department rules and regulations should be addressed to the Youth Division Fair Advisory Committee.
4. The Youth Division Fair Advisory Committee, as certain situations develop, can amend, or add to these rules as they, in their judgment, deem advisable. In the event of a conflict of general and special rules, the latter will govern.
5. The Youth Division Fair Advisory Committee and the Hillsdale County Fair Board support and will enforce the penalties for misconduct as it relates to an exhibition in the Youth Department of the Hillsdale County Fair.
6. During the Fair, it is the individual member's responsibility to prepare his/her exhibit for show and/or exhibition.
7. An on-call veterinarian is available during fair week and can be called by a superintendent or Youth Department Superintendent.
8. Fair officials and Youth Department superintendents expect courteous and orderly conduct by exhibitors and attendants. Harassment, profanity, or unprofessional conduct towards officials, superintendents, judges, show managers, staff, leaders, or other exhibitors will not be tolerated. Violations might further result in assessed penalties or penalties as listed below.

The objectives of the Hillsdale County Fair Youth Department's Code of Conduct are to ensure the **health and welfare** of all animals participating, **protect the integrity** of all livestock competitions and sales, and protect, accurately display, and **represent responsible animal care** to the public.

CARE AND GROOMING

The Hillsdale County Fair Youth Department is concerned about the well-being of all animals at the Fair. This Code of Conduct outlines what is expected of youth exhibitors in the handling and exhibiting of the animals. There will be no tolerance for any mistreatment of animals. It is expected that all youth exhibitors will adhere to this Code of Conduct.

1. In all aspects of the Hillsdale County Fair Youth Department, the well-being of animals shall take priority over the demands of owners, sellers, buyers, organizers, sponsors, and officials. All animals must be treated with respect. The animals must be considered paramount.
2. The care of animals must be as consistent as possible with their normal schedule. Exhibitors are responsible for the complete care of their animals.
3. Livestock must be fed and cared for until the last Saturday up to 8 p.m. The highest standards of nutrition, health, sanitation, and safety shall be enforced at all times. Adequate provision must be made for ventilation, feeding, and watering throughout Fair Week. All handling, housing, and veterinary treatment must ensure the health & welfare of the animals.
4. Keeping the exhibit space assignments clean is the responsibility of the exhibitor. Pens or cages will be checked by project superintendents daily for cleanliness. Chores must be completed twice daily, by 10:00 a.m. and 8:00 p.m. If a pen or cage is not clean, it will be tagged by the project superintendent. If a pen or cage is tagged, the exhibitor **MUST** check in with the project superintendent at the times stated on the pen tag. First and second offenses will result in a written warning tag, as well as a meeting with the member, project superintendent, and a parent or responsible adult. A third offense in the same species will result in a **ONE-YEAR** suspension from the exhibition of that species at the Hillsdale County Fair.
5. Any adult who is not directly involved in the Hillsdale County 4-H/FFA Youth Programs is prohibited from helping to groom or otherwise prepare the exhibitor's livestock project during Fair Week. Leaders, advisors, and/or immediate family are permitted to assist the youth as necessary.
6. All grooming on the day of the show must be done at the large animal barn.
7. Every opportunity should be taken to enhance public awareness and education of proper livestock management and handling practices.
8. There will be no tolerance for any mistreatment of animals. Any unacceptable conduct on the part of an exhibitor or individuals acting on behalf of an exhibitor will be dealt with at the discretion of the Hillsdale County Fair Officials and MSU Extension.
9. **Tampering with Livestock:** Unethical fitting of livestock entered for competition is prohibited. For the Youth Department of the Hillsdale County Fair, the unethical fitting will be derived to consist of any treatment or operation materially altering the structure of the natural confirmation of any part of the animal's body such as the introduction of air, liquids or other substances subcutaneously in any part of the body, surgical operations to correct defects, or the performance of any act or operation to exaggerate the natural confirmation of the animal. Any animal which, in the opinion of Fair official(s) appointed for this purpose, has been unethically fitted shall forthwith be disqualified for exhibition and shall forfeit the right to be awarded any premium monies, trophies, special awards, youth livestock sales, and/or other considerations earned. Every youth exhibitor in consideration of his/her entry being accepted specifically undertakes that no animal entered by him/her has been or will be before entering the judging ring, unethically fitted and he/she agrees to submit for inspection before any Fair official(s) appointed for this purpose by the Youth Department Superintendent, any animal entered by him/her at any time required and he/she further agrees that the opinion of such Fair official(s) shall be final and conclusive and without recourse against the Hillsdale County Fair or any Fair official(s) thereof appointed by the Youth Department Superintendent, to act in the matter in respect to any action which may be taken under the regulations as set forth herewith and he/she, by entering the

animal for exhibition, hereby releases the Hillsdale County Fair from all claims and demands whatsoever in connection with the disqualification of any animal under the provisions of this Division.

10. No drenching/forced administration of fluids will be allowed. Medical permissions are at the species or barn superintendent's discretion. If caught, you will be immediately disqualified. The superintendent's decision will be final.
11. No artificial coloring of hair or wool will be allowed.
12. No misrepresenting the age of the animal or the class in which it is shown.
13. No minimizing the effort of campiness by feeding or injecting drugs, depressants, or applying packs, or using any artificial contrivance or therapeutic treatment except normal exercise.
14. No striking the animal to cause swelling in a depressed area.
15. The use of any drug or chemical compound that is not approved by the Food and Drug Administration for use in meat animals constitutes unethical fitting. The illegal administration of approved drugs and compounds is also prohibited. All animals entered in the Youth Department are subject to blood, urine, and tissue tests by the YDFA, FDA, and USDA for illegal substances that exceed the acceptable levels established by the United States Department of Agriculture, the Food and Drug Administration, the Food Animal Residue Avoidance Databank and Environmental Protection Agency. A positive test will result in disqualification of the animal and may forfeit all rights and privileges to exhibit at any future Hillsdale County Fair and forfeit any premium monies, trophies, special awards, youth livestock sales, and/or other considerations earned. The exhibitor shall assume full responsibility for any violation of regulations related to drugs and medications including withdrawal times and the condemnation of carcasses due to drug rule/regulation violations.
16. No using alcoholic beverages, aspirin/aspirin types, and/or caffeine-laced substances in the feed or administered as a drench.

Livestock Sample Collection Procedure Performed by a Veterinarian/Authorized Representative

Prior To Fair:

1. Request the animal drug testing supplies from the Michigan Department of Agriculture, Laboratory Division, at least thirty days prior to the event. The request must be made by mail or Fax (517)337- 5094. For questions or information contact Gina Dewitt, Equine Drug Testing Division at (517)203-1356 or (517)377-5082.
2. NOTE: The fair has legal authority to require drug testing under the Animal Industry Act, Act 466 of 1988, as amended, in Division 40(3): 'A fair, exhibition, exposition, or show authority may require additional testing or vaccination of animals before entry and during the fair, exhibition or show'.

At the Fair:

1. Verify the animal you are about to test by identify any tattoos, eartags or ear notches that are on the animal. Whenever possible, use USDA official identification vs. farm identification. Be sure to include this information on the "Sample Tag".
2. Present the container for examination to the animal representative/exhibitor, making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory.
3. NOTE: The animal representative must remain with the animal at all times during the sample collection process.
4. Record the seal number in the top right box of the Sample Transmittal Packing List.
5. Open the container by pressing upward on the tab marked open, breaking the seal.
6. Place the container on the catching stick; fold the lid back and anchor it under the metal finger welded onto the handle.
7. If a urine sample cannot be obtained, a Michigan licensed Veterinarian or Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the "Sample Tag". Place the five labeled blood tubes inside a plastic sample container and seal as described below.
8. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and across the lid and down sides of the container.
9. Complete the information on a "sample tag" substituting the name of the fair for "track", the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for "Horse" and the ear tag number or other unique identification number for "Tattoo". After the animal representative has watched the sample collection and sealing, they must sign under "Witness" on the "Sample Tag". The person collecting the sample must sign under the "Sampled By" on the "Sample Tag."
10. Place one completed large sticker tag from the top of the "sample tag" on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed "Sample Tag" must be kept and NOT returned to the lab.
