## ENRICHED SOIL FOOD

HI-CALCIUM LIME + HUMIC + PROTEIN HYDROLYSATES + IRON

Alimento enriquecido para el suelo con calcio + hímicos + hidrolizados de proteínas + hierro

### LAWN & SOIL MAXIMIZER

APPLY ANYTIME FOR PEAK LAWN PERFORMANCE

AMPLIFIES Nutrient Uptake, Moisture Storage and Deep Greening

IMPROVES Soil Structure and Root Growth in Compacted Soils

QUICKLY Neutralizes Acidic Soil pH and Improves Stress Tolerance

Highly Acidic

Neutral pH

A Balanced pH Reduces Moss, Bare Patches, and Weed Pressure

KEEP OUT OF REACH OF CHILDREN  
CAUTION

### How Does AMPLIFY Enriched Soil Food Benefit Your Lawn?

GreenPeak™ AMPLIFY Enriched Soil Food is the secret to a healthier, greener lawn. A proper soil pH of 6.2-7.0 is essential for strong, consistent growth. When soil becomes too acidic, moss, bare patches, and weeds become problematic. HI-Calcium lime helps restore balance by raising soil pH, unlocking nutrients, reducing toxicity, and creating the ideal growing environment for your lawn to thrive. This enriched formula also contains humic, an organic material that can help improve soil structure and root growth in compacted soils, and iron for deep greening.

### When to Apply

GreenPeak™ AMPLIFY Enriched Soil Food can be applied anytime grass or plants are actively growing in the spring, summer, or fall. Apply 1 to 2 times per year to maintain a balanced soil pH to support a lush, vibrant lawn. For top performance, follow the "DIRECTIONS FOR USE" instructions below. A soil test is recommended to identify how many pounds of product is needed to correct your soil pH.

### GUARANTEED ANALYSIS

GUARANTEED ANALYSIS	Percentage
LIMESTONE INGREDIENTS (Where Applicable)	34.0%
CALCIUM (Ca)	85.0%
CALCIUM CARBONATE (CaCO <sub>3</sub> )	47.8%
CALCIUM OXIDE (CaO)	1.0%
MAGNESIUM (Mg)	3.48%
MAGNESIUM CARBONATE (MgCO <sub>3</sub> )	1.86%
CALCIUM CARBONATE EQUIVALENT (CCE)	85.5%
EFFECTIVE NEUTRALIZING VALUE (ENV)	81.7%
MOISTURE CONTENT DOES NOT EXCEED	1.0%
DERIVED FROM: Pelletized Limestone, Iron Sulfate, Urea, and Wheat Protein Hydrolysates.	F1612

### RECOMMENDED APPLICATION RATES

Las tasas de aplicación recomendadas para los tipos de plantas.

Application Type	Rate (lbs./1,000 sq. ft.)	Maintenance Rate (Tasa de mantenimiento)
New Lawns (nuevas alfabras)	6 lbs. per 1,000 sq. ft. (2.7 kg/1,000 m <sup>2</sup> )	30 lbs. (13.6 kg) per 1,000 sq. ft. (13.6 kg/1,000 m <sup>2</sup> )
Established Lawns (alfabras establecidas)	6 lbs. per 1,000 sq. ft. (2.7 kg/1,000 m <sup>2</sup> )	60 (2 bags) per 1,000 sq. ft. (27 kg/1,000 m <sup>2</sup> )
Shrubs (arbustos)	1 cup surrounding base	5.0 to 6.5 (2 1/2 bags)
Vegetable/Herb Gardens (huertos de verduras y hierbas)	1 lb. for every 100 sq. ft. (0.45 kg per cada 10 m <sup>2</sup> )	75 (2 1/2 bags)
Flower Gardens (huertos de flores)	1 lb. for every 100 sq. ft. (0.45 kg per cada 10 m <sup>2</sup> )	90 (3 bags)
Potted Plants - 12" (plantas en macetas - 30.5 cm)	1/2" pellet = 1 tsp. (Medida de 1/2" pellet = 1 cucharadita)	As needed (Según sea necesario)
Potted Plants - 6" (plantas en macetas - 15.24 cm)	6" pellet = 1 tsp. (Medida de 6" pellet = 1 cucharadita)	As needed (Según sea necesario)

### HOW TO APPLY

- Fill spreader with product and adjust to the suggested setting listed in the "Spreader Settings" chart for your spreader model. The suggested annual product application rate should not be exceeded.
  - Apply product to your lawn. For even coverage, first apply fertilizer around the perimeter of your lawn (A), then run the spreader back and forth within the area outlined by your perimeter application (B). Allow a slight overlap to avoid missed coverage.
  - When application is complete, sweep any product that lands on driveways, sidewalks, or the street back onto the lawn to reduce nutrient loss.
  - Water lawn gently to activate.
- DO NOT apply to frozen ground. This product may stain driveways, walkways, streets, porches, and other non-target areas. Use for use in organic crop and food production.

### It is recommended that you do a soil analysis to ensure proper rate of application.

Se recomienda realizar un análisis de suelo para garantizar la dosis de aplicación adecuada. Si no se realiza un análisis de suelo, consulte las siguientes pautas:

Application	Rate	Frequency
New Lawns	6 lbs. per 1,000 sq. ft.	At installation
Established Lawns	6 lbs. per 1,000 sq. ft.	Up to 2 times/season
Shrubs	1 cup surrounding base	Feed in Spring and Fall
Vegetable/Herb Gardens	1 lb. for every 100 sq. ft.	Feed in Spring
Flower Gardens	1 lb. for every 100 sq. ft.	Feed in Spring
Potted Plants - 12"	1/2" pellet = 1 tsp.	As needed
Potted Plants - 6"	6" pellet = 1 tsp.	As needed

### PRECAUTIONARY STATEMENTS & WARRANTY

#### WARNING - KEEP OUT OF THE REACH OF CHILDREN

#### ADVERTENCIA - MANTENER FUERA DEL ALCANCE DE LOS NIÑOS

**CAUSES EYE IRRITATION. MAY BE HARMFUL IF SWALLOWED. MAY CAUSE MILD SKIN IRRITATION.**

**PRECAUTIONARY STATEMENTS:** Call a poison center/llamada de emergencia si hay contacto con los ojos. Evite el contacto con los ojos. Si el contacto persiste, seque los ojos con abundante agua durante varios minutos; retire los lentes de contacto, si lleva y resulta factible. Si la irritación ocular persiste, busque atención médica. Lávese las manos después de manipular, usar o en contacto con un área bien ventilada. Evite respirar el polvo. En caso de inhalación, traslade a la víctima al aire libre y manténgala en reposo en una posición confortable para respirar. Almacene el envase original, bien cerrado, fuera del alcance de los niños. Diríjase al centro de toxicología o al médico si se necesita asistencia médica para obtener instrucciones de atención, diagnóstico y manejo. **PRIMEROS AUXILIOS EN CASO DE INHALACIÓN:** Trabaje a la víctima al aire libre. Busque atención médica si la irritación persiste. En caso de contacto con la piel, lavar las manos abundantemente con agua y jabón. Busque atención médica si la irritación persiste. Lave la ropa contaminada antes de volver a usarla. **EN CASO DE CONTACTO CON LOS OJOS:** Retirarse inmediatamente con agua durante al menos 20 minutos. Quitarse los lentes de contacto, si lleva y resulta factible. Buscar atención médica si la irritación persiste. **EN CASO DE INGESTIÓN:** Si la víctima está despierta y en buenas condiciones, dar un vaso de agua para diluir el material, pero NO inducir el vómito. Buscar atención médica inmediata. Llamar a un CENTRO DE TOXICOLOGÍA o a un médico si se encuentra mal. Si se necesita consejo médico, tener a mano el envase o la etiqueta del producto.

**PPE:** Handers and applicators should wear a NIOSH-approved particulate or dust respirator and safety glasses. Goggles, or a face shield, long-sleeved shirts, and chemical-resistant gloves are recommended if contact with material or dust cannot be avoided. Local exhaust ventilation is recommended if material is applied in an enclosed or unventilated area.

**IMPORTANT! READ BEFORE USE:** Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer assumes all risks of any such use.

**CAUSA IRRITACIÓN OCULAR. PUEDE SER NOCIVO SI SE INGERE. PUEDE CAUSAR IRRITACIÓN RESPIRATORIA. PUEDE CAUSAR IRRITACIÓN CUTÁNEA LEVE.**

**PRECAUCIONES:** Llevar un centro de toxicología o a un médico si se siente mal. Si se produce inhalación cutánea, buscar atención médica. En caso de contacto con los ojos, enjuague cuidadosamente con abundante agua durante varios minutos; retire los lentes de contacto, si lleva y resulta factible. Si la irritación ocular persiste, busque atención médica. Lávese las manos después de manipular, usar o en contacto con un área bien ventilada. Evite respirar el polvo. En caso de inhalación, traslade a la víctima al aire libre y manténgala en reposo en una posición confortable para respirar. Almacene el envase original, bien cerrado, fuera del alcance de los niños.
