"She leaves a little Glitter wherever she goes."

Glitter Gives Back | Help us bring a little joy and sparkle to patients this holiday season!

Dear GCD Families, Friends and Community Partners,

As Glitter Cheer & Dance Company celebrates 10 incredible years of building confidence, relationships, and community, we are excited to continue that celebration through our Glitter Gives Back Initiative.

This holiday season, we are honored to partner with Parkview Foundation to prepare special care totes for pediatric and adult cancer patients. Each tote will be thoughtfully filled with items selected to provide a little comfort, encouragement, and joy to patients during the holiday season. **Our participants will also have opportunities to take part in the project by creating handwritten notes and messages of encouragement to accompany the totes.** We hope this experience reminds our students that even the smallest act of kindness can make a meaningful difference in someone else's day.

We are inviting our GCD families, friends, and local businesses to join us in making this project possible through a monetary donation of any amount. To ensure that the care totes are consistent and that donated funds are used toward the specific items needed for the project, we are requesting monetary donations only. GCD will purchase the items and prepare the totes for donation. **No donation is too small.** Every contribution helps us bring a little more comfort and joy to a patient this holiday season.

Local businesses that support our Glitter Gives Back Initiative will be recognized for their generosity through GCD social media and select GCD events. We would be honored to recognize your business as part of the community helping us make this initiative possible.

For 10 years, our mission has been to build confidence one routine at a time. Through Glitter Gives Back, we are excited to grow hearts just as much as we grow skills.

Thank you for helping our Glitter Girls learn the value of giving back and for helping us bring a little GCD sparkle to patients and families in our community this holiday season.

With gratitude,

Glitter Cheer & Dance Company Staff
