aspect 5 OPTIONS

BENCH

Aspect models have the option of being fitted on a bench. There is a choice of two lengths, 800mm and 1,195mm long. Both are at a height of 345mm and a depth of 415mm.

PLINTH

You can choose to have your Aspect wood heater fitted on a low or high log plinth, which raises it up off the floor and provides a handy place to store your wood.* The plinth can be installed on a 12mm non-combustible hearth and reduces hearth depth to 300 in front of your wood heater.

HEIGHT	DEPTH	WIDTH
150/225	362	494

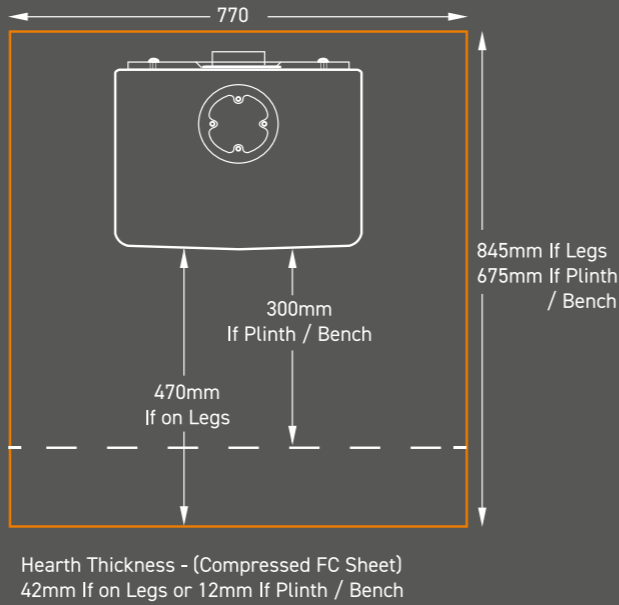

* Ensure a gap of 50mm remains, at all times, between the fuel and heat shield of the log plinth.
