PLEASE READ THE FOLLOWING INSTALLATION INSTRUCTIONS THOROUGHLY BEFORE ATTEMPTING TO INSTALL THE APPLIANCE

IMPORTANT: If an inbuilt unit is installed at floor level, or up to 250mm from the underside of the appliance door, a hearth must be used for a distance of 400mm in front of the appliance. The appliance must be installed 250mm or more from the floor if no hearth is used.

IF YOU ARE PLANNING TO MOUNT A TELEVISION ABOVE THE APPLIANCE, PLEASE REFER TO YOUR OWNERS MANUAL

ILLusion Australia Pty. Ltd. accepts no responsibility for damage caused to electrical appliances installed above the gas log fire.

INSTALLER INFORMATION
READ THIS BEFORE CUTTING
ANY HOLES IN PLASTER OR OTHER WALLS

IMPORTANT!

The plaster cut out must be straight and accurate, especially at the bottom. There is no overlap of the fascia at the bottom so the bottom plaster edge must be cut carefully. It is recommended that a plaster trim strip be fitted
