

Connecting with the Directory in the Church Center app - Iphone

Before proceeding - have you installed the [Church Center app](#)? It's available for Apple and Android, as well as over the web. You will need to follow the instructions to download the app and register. If you're using the web interface, you'll still need to register.

Find the email. Click **Join Directory**.

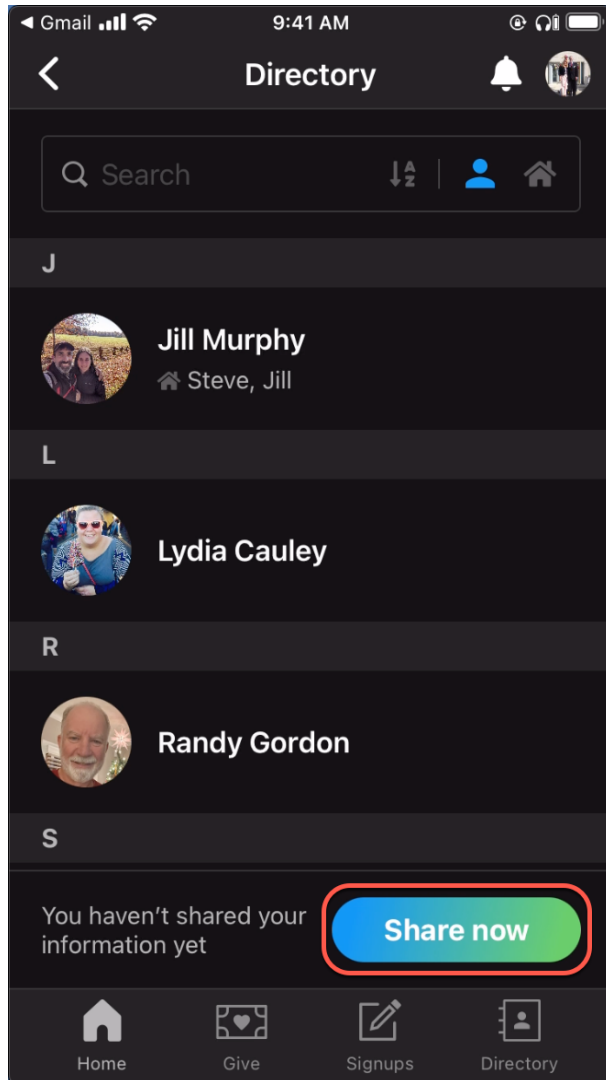

The Church Center app will open.

If you don't see this, likely, you haven't completed the registration steps detailed earlier.

You will see the Directory page in Church Center. Note the 'You haven't shared your information yet - Share now.' at the bottom of the page.

Click **Share now.**

You may now select what information you would like shared in the directory. The information displayed is what is currently in the church membership system. If any of this information is incorrect, you may edit it by selecting **edit my profile** in the My Information section of this form. NOTE: Not all of your information can be changed in this form - locked fields can only be changed by a church administrator. Contact the church office to make these updates.

To select the information you want to share, click the box to the left of your name and photo,

The screenshot shows a mobile app interface for 'My Directory Profile'. At the top, there is a status bar with 'Gmail', signal strength, Wi-Fi, and the time '9:41 AM'. Below the status bar is a navigation bar with three buttons: 'Cancel' (blue), 'My Directory Profile' (white), and 'Share' (blue). The main content area has a dark background. It starts with the section 'My information' in white text, followed by the instruction 'Select the information you want to share with other members of the directory.' Below this is a profile card for 'John Hall'. The card features a circular profile picture placeholder (a white circle on a dark background) which is highlighted with a red square, and a circular photo of a man in a suit. To the right of the photo is the name 'John Hall'. Below the profile card is a message: 'If any of your information is incorrect, you'll want to edit your profile before selecting what to share.' This is followed by the section 'Hall Household' in white text, with the instruction 'You will appear in the directory in this household. You can set a household photo and select the details you want to share about others in your household.' Below this is a section titled 'HOUSEHOLD PHOTO' in white text, with an 'Edit' button (green outline) to its right. At the bottom of the screen is a circular photo of a man and a woman wearing Santa hats.

Click on each of the boxes you want to share. Unchecked boxes will not be shared in your directory listing.

NOTE: You may change these selections anytime by editing your profile. Your information will not be blurred.
