## WHAT'S THIS BATTERY THING ALL ABOUT?

### POWERFUL PERFORMANCE AND EXTREME RUN TIMES.

Battery technology has come a long way, and our 40 and 60 volt lithium-ion batteries provide all the power, performance, and runtime typical of yesterday's petrol powered tools – without the fuss.

### QUIET.

It's simple. Battery powered tools are super quiet – up to 50% quieter than petrol powered tools. That means professional users can get to work early, even in environments with rigid noise restrictions.

### COMPACT, LIGHTWEIGHT AND EASY TO OPERATE.

Engineered with ergonomic design and less weight, Greenworks battery powered tools are comfortable to operate. They start with a simple push of a button or squeeze of a trigger, with no aggravating pull cords. Plus, brushless motor technology drastically reduces vibrations and with fewer motor components, our tools are not only lighter and more compact, they're less tiring to operate, resulting in reduced user fatigue and a much easier work week.

### RECYCLABLE BATTERIES

Our batteries have an exceptionally long life cycle. But, if you aren't already convinced that Greenworks tools are environmentally friendly, it's worth noting that once our batteries do reach the end of their life cycle, they're recyclable!

We are proud partners of B-Cycle Australia.

### NO PETROL. NO OIL. NO MIXING NO FUMES. NO EMISSIONS.

Our entire line of battery powered tools has all the power, performance and runtime typical of petrol powered tools, without the noise, hassle or harmful emissions. No fluctuating fuel costs. No mixing oil and fuel. No spills, fumes or mess.

### NO HASSLES. NO WORRIES.

Say goodbye to pull cords and engines that won't start. All Greenworks products start with a simple push of a button or squeeze of a trigger and freshly charged batteries are always ready to work. There's no need to buy and store fuel and no mixing or mess.

### LOW MAINTENANCE.

Greenworks equipment requires less maintenance than traditional petrol powered equipment. There are no carburetors to service, no spark plugs or fuel lines to replace, no oil to change and no air filters to clean. Battery powered tools are always ready for the job, which means minimal downtime for users.

# 3000PSI Dual Port Pressure Washer

Skin Only Part No: 5121507AU

1 x 4.0Ah, 1 x 5.0Ah Kit Part No: 5121502AU

With a hassle free push button start, the Greenworks® 60V 3000PSI pressure washer powers up easily and gets to work in no time. The heavy duty smart sensing **TRUBRUSHLESS™** motor automatically adjusts pressure and flow to deliver the perfect amount of water for each nozzle tip. And you'll have your pick for any job with the included 15°, 25° and 40° nozzles, turbo nozzle and soap nozzle. Ready to clean concrete, brick, fences, decks, houses, cars, RVs, boats and more! The 7.6m kink resistant hose eliminates frustrating hose tangles - and with on-board accessory storage, you'll always have what you need at your fingertips. The open steel frame design with 10" never-flat wheels can be stored vertically - taking up 50% less space in your garage or shed.

The Greenworks 60V 3000PSI Pressure Washer is built to stand up to most stubborn dirt and grime anytime you need it.

6.0Ah Kit Part No: 2514607AU-Kit-6

The Greenworks® versatile and smart 60V self-propelled lawnmower has variable speed designed for increased user experience and convenience for your demanding tasks. It has a progressive brushless motor, which dramatically reduces vibrations and requires minimal maintenance. This lawnmower has a cutting width of 46 cm – wide enough to tackle an area up to 650m<sup>2</sup> on one charge, and small enough to easily store vertically to save space. It is adaptable with a 3-in-1 function for mulching, rear collection and side discharge.

# 42" Ride-On Mower

Part No: 7400707AU

Includes: 6 x 8.0Ah batteries and  
3 x 10A dual port fast chargers

KIT  
RRP **\$8,999**

The future is here with the versatile, easy to operate Greenworks® 42" ride-on mower, a perfect option if you're looking to maintain a larger lawn. This unit, which has the manoeuvrability of a zero turn mower but with steering wheel control, is powered by six state of the art, removable 60V 8.0Ah lithium batteries and charges in 60 minutes with the aid of three 10A dual port chargers – all included. The batteries are also fully compatible with the entire Greenworks 60V range.

With a top speed of 12.8km p/h, a tight turning radius of 93cm (36.5") and the ability to cut up to 2 acres on a single charge, the Greenworks ride-on will get the job done without the hassle of petrol.

Drop the decibels and emissions to levels that keep everyone happy!

**Rear catcher (page 32) available as an optional extra.**

Part No: 7400807AU

Includes: 6 x 8.0Ah batteries and  
3 x 10A dual port fast chargers

KIT  
~~RRP~~ **\$10,499**

Whether you're a keen residential, land owner or small commercial operator, the Greenworks® 42" zero turn mower is perfect for you. With the ability to manoeuvre on the spot you'll be able to navigate your way around garden obstacles, such as shrubs, trees and garden beds with ease. The 42" zero turn has a top speed of 12km p/h allowing you to work effectively and efficiently.

Features such as the high back seat, foot rests and ergonomic levers elevates mowing to a whole new level!

As with the Greenworks 42" ride-on, this unit is powered by six state of the art, removable 60V 8.0Ah lithium batteries and charges in 60 minutes with the aid of three 10A dual port chargers – all included. The batteries are also fully compatible with the entire Greenworks 60V range. Powered by innovation, not by petrol!
