## Words from Pastor Peter

Clearly Summer has arrived! The temperatures, the stormy weather, and the humidity are all pointing us to a change of seasons. The green of leaves and grass and crops coming up in the fields remind us of the growth and new life of the natural world, something that those who live and work on the land are better attuned to than many people. It is also a change of seasons in the church year calendar. The joy and celebrations of Easter are behind us and the long season of Pentecost stretches out before us. The Pentecost season is also a season of growth. The Bible readings for the coming Sunday's point to the growth of the church and the growth of faith in the followers of Jesus. For believers of today the change of seasons offer an opportunity for new growth in our faith by a renewed commitment to regular worship and/or taking up a daily devotion of scripture readings and prayer. Perhaps, reaching out and visiting someone who is homebound or who has become distant from the community might be a practice that would further your spiritual growth and strengthen the community at the same time. Summer is a time of new life, new growth and new opportunities as followers of Jesus. Let us all enjoy the blessings of this new season.
