Dear Doctor Zikra,

At meetings this month in Las Vegas, we are now under the mandate to immediately replace members of the Directorate and the American Board of Endocrinology, and hereby officially invite you to immediately be installed as a Member of the Directorate and member of the American Board of Endocrinology.

To reflect diversity of American culture, ethnicity, race, sexual, religious composition, we hereby invite you to be a Distinguished Member of the Directorate of the American Board of Endocrinology and Associate Member of the Board of the American Board of Endocrinology. As Member of Directorate, you are to receive the Award of Honor for Highest Level of Excellence in Endocrinology by the American Board of Endocrinology and the Award of Honor in Diabetes Mellitus and Obesity by the American Board of Endocrinology.

Officially approved medical essential services provider passes and emergency medical care provider passes sent to Distinguished Members of the Directorate of the American Board of Endocrinology that may be of importance in future emergencies or lockdowns.

Members of the Directorate of the American Board of Endocrinology are now designated Fellows of the American Society of Internal Medicine through a reciprocal arrangement between the American Society of Internal Medicine and the American Board of Endocrinology and other specialty boards.

Please send by October 31, 2021, your acceptance of appointment as Distinguished Member of the Directorate of American Board of Endocrinology and Associate Member of American Board of Endocrinology.

Officially approved medical essential services provider passes will be sent to Members of the Directorate, for recognition by all authorities. Your importance as essential provider of medical care should be recognized by state and federal authorities and may be reflected in enhanced payment as medical essential services provider.

Faithfully Yours,

I. A. Keith, M.D, Executive Director of the Directorate of the American Board of Endocrinology

Ahmed A. Haddad, Chief Executive Officer, Member Board of Directors of American Board of Endocrinology
