

09 November 2021

Dear Parents,

SETSWANA TEXTBOOKS AND STATIONERY FOR 2022

Please note that this letter only relates to students who have selected Setswana as their First Additional Language (FAL) in Grade 4-7.

Last week the 2022 stationery lists were set out via hard copy with your child/ren. For the 2022 Academic year, we have opted for parents to purchase their own stationery and textbooks for their children. When these lists were sent out, we were still in the process of finalising the Setswana teacher and identifying the textbooks needed. We acknowledge that this list is later than the previous list and we apologise for this.

Please find attached the additional stationery lists for Setswana. All the books listed on this sheet are available online and in stationery stores.

For parents wanting to purchase these textbooks via Clickify, please note the following:

1. If you have already bought textbooks and stationery through Clickify, you will have to **create a new order** for these books as your previous order has already been finalised.
2. Orders placed after 8 November will only arrive on 10 January in the second delivery.
