COBRA
Concrete Cutting Services

Always On The Cutting Edge

Creepin' It Real in St. Louis
We're Officially Open!

We are thrilled to welcome our newest Branch Manager, Jerry Moore to the Cobra Concrete Cutting team as we officially expand our footprint into St. Louis.

He joins us with an impressive 26 years of concrete sawing and drilling experience. Over his career, Jerry has specialized in managing large, complex wire sawing, wall sawing and core drill projects.

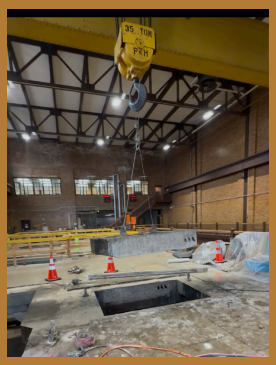

What truly sets him apart is his exceptional ability to problem solve and navigate complex operational scenarios, a skill set that perfectly complements his field experience and adds value to our team.

We are incredibly excited to bring Cobra's premier services to the St. Louis market. This includes GPR scanning, utility locating, concrete sawing and drilling and robotic demolition.

Nothing Scary about these openings for Cobra Concrete Cutting

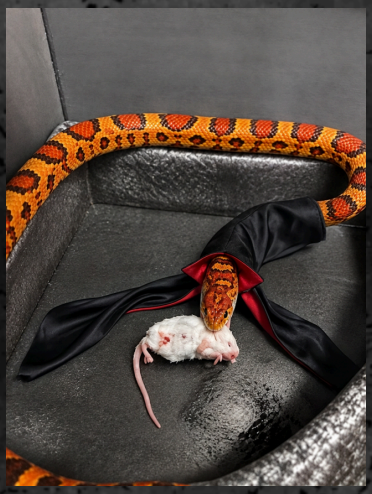

Some might find these openings a little frightening but at Cobra Concrete Cutting this is just another day at the job.
We don't scare easily...from cutting through massive structures to performing precise removals in challenging spaces, our team tackles the tough cuts and tight spaces with experience.
SPOOKY maybe, CHALLENGING absolutely, SCARY... not for a COBRA 🐍

COREY'S CORNER

Look who's ready for TRICK-OR-TREATING!

Corey wanted to be dramatic with his vampire cape and show off his fangs. He takes his role very serious! Let us know what you think of Count Corey's costume, too much bite? Or just enough fright?

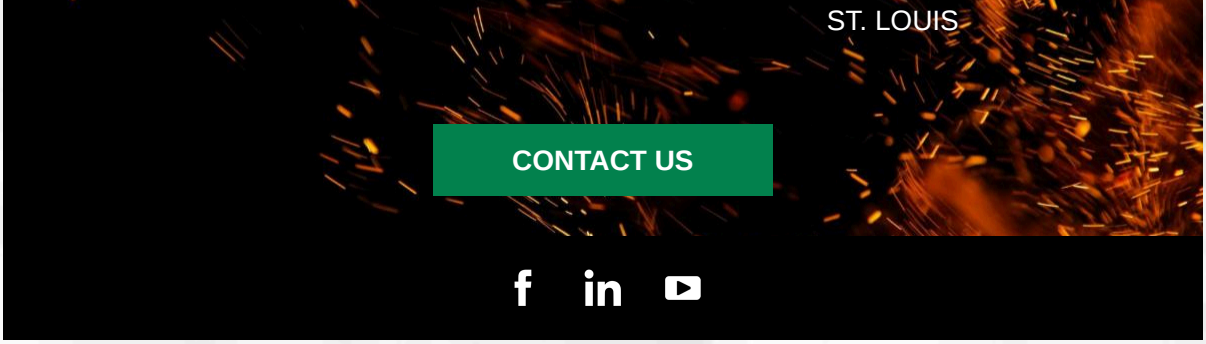

OUR MISSION

To revolutionize the concrete sawing and drilling industry through our innovation and attitude, provide a level service and passion that our customers, our employees and our community desire to experience
