March Madness Is Upon Us, and Cobra Concrete Cutting Is a Slam Dunk!

Don’t let tough concrete block your shot! Just like a championship team, we bring the right tools, strategy, and skill to every job, ensuring smooth and accurate cuts. This March Madness, trust us to take your project to the final buzzer with clean cuts and a winning finish. No cracks, no delays—just championship-level results every time. Make the winning play—call us today for expert sawing and drilling!

VISIT OUR WEBSITE

Earlier this month, we attended the the annual ASA Construction Expo & Safety Conference in Oakbrook. We loved reconnecting with old friends and welcoming new faces. Thanks for stopping by our booth; see you next year!

We wanted to highlight Cobra's co-owner Dan for winning the Concrete Sawing and Drilling Association Outstanding Achievement Award. He received this honor at the CSDA 2025 Annual Conference in San Antonio. We think he should have stayed down there to watch the NCAA Championship game. 😉 Congratulations, Dan!

Coming Soon: Corey's Chronicles

We convinced management to let us adopt an office snake. Do you think he will be an actual cobra!? Stay tuned for next month's newsletter to see how Corey settles into his new home.
