Always On The Cutting Edge

OktCOBRAfest 2026

What better way to celebrate our customers than with a little OktCOBRAfest spirit? We had the perfect combination of great food, live music, networking and picture-perfect fall day 🍂 The live German band brought the vibes to the celebration. It gave us a chance to thank our customers and industry partners for their continued support. We are grateful to everyone who came out and made this so memorable. PROST! to our customers and our partners for another great year🧡🍻

Meet Our New Chicago Branch Manager

We're excited to announce the recent promotion of Demetrios Giokaris to Chicago Branch Manager. With years of experience in the concrete cutting and demolition industry, Demetrios brings a wealth of knowledge to his new role. His background gives him hands-on experience and a strong understanding of what it takes to successfully manage projects from start to finish.
Demetrios will be leading our Chicago branch, helping manage inside and outside the office. He is a great asset to our team. Cobra is excited to have him take on this new opportunity as we move onto our next chapter.

Got Rebar?

We Can Handle the Tough Stuff! Large heavily reinforced rebar can turn a routine coring project into a serious challenge. Cobra's experience makes a difference. Our skilled tech's use the right diamond tooling, equipment and techniques to work through the toughest reinforcement. Cobra keeps the job moving and gets the job done.

LEARN MORE

Corey's Corner

Corey was happy to pass out name tags at our Oktcobrafest and get some time outside. His favorite fall activity is hide&seek in his pumpkin. He is our little pumpkin 🧡

OUR MISSION

To revolutionize the concrete sawing and drilling industry through our innovation and attitude, provide a level service and passion that our customers, our employees and our community desire to experience
