Frequently Asked Questions

What should I do if I do not see an email from Atrium

Check the spam or junk folder. Atrium Connect messages are sent from noreply@atriumcampus.com.

What if I have more than one student

Each student must have a separate guest login. You may use the same email address for multiple students, but each student's account must have a unique password.

Why does the portal keep returning me to the first student's account

Saved browser cookies can keep the first student's session active. Open a separate private or incognito browser window for each student. To do this, select the 3 small dots/lines in the top left of your browser window and then select new incognito window (chrome), new private window (Firefox), New InPrivate Window (Edge), or select File, then New Private Window (Safari). Visit the Bulldog Bucks website, and sign in with that student's password. Close the private window before starting another student's session.

Why did my automatic deposit stop working for the new school year

Automatic deposits are cleared between school years. Set up the automatic deposit again at the beginning of the new school year.

Why are there Bulldog Bucks charges when my student has a meal plan

Students with meal plans must use the designated meal plan line in the dining hall. If a student uses the incorrect line, the purchase may be charged to Bulldog Bucks. Contact the Bulldog Card Office to request review of those charges. Items not included in the meal plan, such as ice cream or candy, and canteen purchases made outside the normal meal period are charged to Bulldog Bucks.

Who should I contact with other questions
