

Deemah Ramadan

Age 31

MANAGER

DESIGN+BUILD GROUP LLC

Doing so much in so little time just comes naturally to Deemah Ramadan, who says her most significant business achievement is seeing her company, Design+Build Group LLC, being named as one of the fastest-growing companies in Oklahoma “just three years after opening our doors.”

“This was a milestone for me and my business partner, Frey Radfar,” she says. “It proved to us that we were making the right decisions all along, and those long, 18-hour days were well worth it.”

A graduate of University of Oklahoma and Oklahoma State University, Ramadan has

volunteered for three years with Taste for Sight — an experience she dubs “rewarding.”

“To see the direct results of all the children’s lives that are touched and greatly enhanced by this program is so gratifying and emotional at the same time,” she says. “Growing up in this day and age as a child is hard enough with social life and education. To have an eye deficiency that keeps a child from learning at their full potential is heart-wrenching.”

She recently established the Dr. Raniyah Ramadan Foundation in honor of her sister, who passed away in July. **BIZ**
