Raising Safe Families

Join us for the Raising Safe Families Community Learning Series—a quarterly training initiative hosted by ChildSafe's Guest Speaker Series in partnership with University Health.

Each session will focus on a critical safety topic to provide practical knowledge and tools to help protect the children in your care. All trainings will be held in-person at ChildSafe and are open to the community. Ready to take the next step in protecting the children in your care? Simply scan the QR code next to your desired training to register!

Session 1: 4 Steps for Kids

September 17th, 2025
2:00-3:00 pm

Explore the importance of car seat safety and how to choose the right seat as your child grows.

Session 2: Home Safe Home

November 14th, 2025
2:00-3:00 pm

Learn essential tips to keep your home safe—from safe sleep and toy safety to burn, fire, and medication prevention.

Session 3: Concussion Safety

February 6th, 2026
2:00-3:00 pm

An interactive session on protecting your brain and understanding the importance of concussion prevention.

Session 4: Stop the Bleed

May 14th, 2026
6:00-7:00 pm

Hands-on training to equip you with life-saving skills to respond to a bleeding emergency.
