Tuff Tray Highlights

Take a look at some of the sensory Tuff Trays the SNAP kids have been enjoying. You could say they've had a TUFF time choosing their favourites! Whether wet, dry, or somewhere in between, there's always something to explore. From themed activities to simple hands-on fun. We can't wait to bring some of these favourite trays back again soon!

Special Visitors at SNAP!

Our children absolutely loved meeting all of the community visitors who came to see us at SNAP this summer! ☀

We were delighted to welcome the Mental Health Support Team, who delivered some fantastic sensory sessions that everyone enjoyed. We also had Community Support Officer visit to talk about their role in the community, and the children had great fun dressing up and learning more about their work.

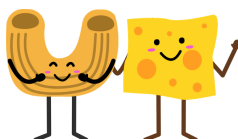

The library team also came along and hosted a wonderful story and music session, with tech games running in the background for some extra excitement and fun. It was a fantastic summer filled with learning, laughter, and memorable experiences for all our children!

Thank you so much to everyone who took the time to visit us. We really appreciate your support and the wonderful experiences you helped create for our children!

What you've got cooking?

Our members at Trinity have really been cooking up a storm lately! They've enjoyed trying a variety of recipes and developing their cooking skills, while creating some delicious meals along the way. Take a look below at some of the fantastic dishes our members have been making!
