From the Pastor

Brothers and Sisters,

This week our office manager, Paula, informed me she will be returning to her home state of Texas in September. For those who have not met her, she has been a wonderful office manager / secretary for the parish. She has put a lot of hours and a lot of love into her job at the parish. Aside from her job, she has often joined us for prayer, she has participated in multiple book discussion groups and been active at parish social events. It goes without saying that, while we wish her well as she moves back to her home state, she will be greatly missed by our parish.

Of course this means that once again we will be seeking a part-time office manager. The position is about 20 hours / week. If you or someone you know is interested in the position, please contact me.

Speaking of contacting me, our parish phones are now functioning (lest pray they remain so). I am hoping our new carrier will be more reliable in providing us service.

In the meantime, our summer continues. On Monday we will have our parish roundtable discussion on Artificial Intelligence. Even if you know little about AI, I urge you to attend the session. I have my set of questions, and I know several of you have your own questions and concerns as well. Our discussion will be an opportunity for us to gather, hear each other's thoughts on AI, (positive and negative), and begin to think about the role of this technology in our lives as disciples.

As many people were away last weekend celebrating July 4th, I posted the text of my homily on the front page of the parish website. I invite you to look at that in preparation for our session on Monday.

Peace,

Fr. Brian
