

THE NEXT GENERATION OF PEELABLE PAINT

INTRODUCING PEELCLEAR, PATENT PENDING WATERBORNE TECHNOLOGY

Peelclear is a spray applied, peelable paint system that looks and performs like automotive paint. Applied in a spray booth with standard HVLP equipment, it cures to a flawless finish and can be removed without residue whenever needed.

Unlike outdated solvent borne coatings, Peelclear uses a patent pending waterborne formula that installs faster, requires fewer layers, and produces higher quality results. For installers, that means reduced labor time, safer application, and greater profitability.

TRUE PAINT LIKE FINISH

Seamless, spray applied, factory-grade finish in gloss or matte.

PATENT PENDING WATERBORNE FORMULA

Faster installs, fewer layers, no solvents

LOWER COST, HIGHER MARGINS

More affordable than wraps or PPF, with stronger profit potential.

SUPERIOR PROTECTION

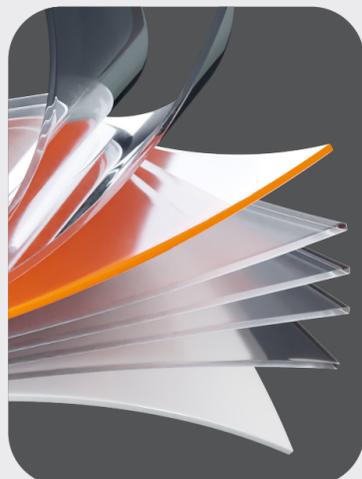

Shields against UV rays, chips, chemicals, and daily wear.

CLEAN REMOVAL

Peels off without residue, keeping the original paint flawless.

PATENT PENDING TECHNOLOGY

Base Coat

The waterborne Base Coat is applied with standard HVLP equipment. It forms a strong adhesive free bond and wraps cleanly around edges with no seams or glue.

Top Coat

The Top Coat chemically bonds with the base coat to create a single integrated layer. It self levels to eliminate orange peel and can be sanded or polished like OEM clear coat.

40% FEWER LAYERS

Compared to solvent borne systems

FASTER APPLICATION

Reduced labor time and more jobs per booth

SAFER HANDLING

Waterborne technology that is safer for staff & shop

FLAWLESS FINISH

A result equal to factory grade automotive paint

20 UP TO 20-YEAR WARRANTY

Professional Performance. Smart Business.

Factory Level Finish

A flawless paint-like appearance with no seams or film lines.

Superior Durability

Protection against UV rays, rock chips, road salt, and chemicals. Stronger than vinyl and tougher than PPF.

Easy Maintenance

A surface that can be washed, sanded, and polished like OEM paint.

Clean & Simple Removal

Peels off without residue, keeping the original paint flawless.

Better Business Economics

Faster installs with fewer layers, reducing labor cost and increasing shop efficiency.

CLEAR & MATTE CLEAR PEELABLE PAINT

Crystal clear gloss or matte peelable paint preserves the factory finish while adding a durable shield.

CLEAR

GLOSS / MATTE

COLOR COLOR PEELABLE PAINT

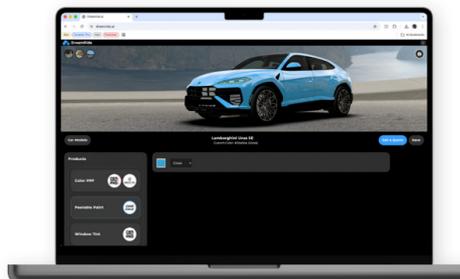

A customizable color system provides complete creative freedom. Choose from factory matched tones or bold custom shades.

UNLIMITED COLORS

GLOSS/MATTE/SATIN

One System. Two Solutions.

DESIGN YOUR DREAM RIDE

Dreamride Visualizer

Dreamride is our interactive car visualizer, letting you preview and customize your vehicle's look before installation. Explore different finishes, colors, and styles to see exactly how Peelclear can transform your car.

Peelclear gives installers a competitive edge with a system that installs faster, sells easier, and peels cleaner than anything else on the market.
