Creating Community Through Art

# Welcome to the 2022 Members' Exhibition!

WBCA's Members' Exhibition celebrates the broad range of work created throughout the year by the membership community. The Members' Exhibition is open to all current members, no matter where you happen to be on your artistic journey.

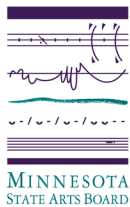

This year, we rejoice in the delightful diversity, the beautiful quality, and the sheer abundance of work on display. It is inspiring to see what you have been working on throughout the year.

WBCA is here to honor, support and celebrate your visions, your unique perspectives, your creative processes, and artistic achievements. Thank you for sharing your work and creativity, and cultivating such a joyful community at White Bear Center for the Arts.

Enjoy the show.

Dance is the art form in which human movement becomes the medium as we sense, understand and communicate ideas, feelings and experiences.

Each week members of the WBCA community gather to experience/perform the art of dance in four different dance classes. Two levels of classes in ballet barre and both a beginning and open level tap dance class are offered. When we dance we connect not only with our own body, soul and our fellow dancers in class, but also with all humans who have danced in the past, are dancing in the present and will dance in the future. Each style of dance has its own focus. Ballet is about grace and the line our bodies make in space. Tap dance emphasizes rhythm, pattern and sound.

Please enjoy the photos and videos taken during our regular classes as we share our art with you.
