Roy, Belle and Jack were amazing, my daughter loved every minute of her party. They kept all of the children engaged and giggling throughout, and the adults too. The face painting was amazing and all the children had it done without having to queue or miss out on the party. All the guests have said how amazing they were. So glad we booked them

Roy and Belle are amazing, my son had his 5th birthday party 16th October 2022 and he thoroughly enjoyed it and so did his friends... We had the 2 hour face painting package and it was well worth the money. Roy and Belle organise everything, all I had to do as a parent was provide the food, venue and cake. I didn't have to do a thing on the day of the party they run it all. I can not thank you enough for an amazing time and a no stress party. would highly recommend them and I will be keeping them in mind for future parties/events. Thank you.

Hi Roy,

Just wanted to thank you, Belle and Jack again for such a fabulous party. The children and parents absolutely loved it! They were very impressed on the way you managed to keep the kids entertained throughout. And thank you so much for Liyana's present, she was actually talking about magic tricks in the car. She was ecstatic when she opened your present. We have been 'jelly belly wobbling' all Sunday afternoon!

Roy, Bell and Jack are totally amazing. We have had them for both of our daughters 5th birthday party's and they do not disappoint. From the hilarious jokes, incredible face painting (Bell just asks the children what they want and she recreates it!), to the games and magic, the whole party is perfection.

The 30 children (and parents) are kept entertained for 2 hours and the stress of party planning is completely taken away by this phenomenal team.

The birthday girl was made to feel so special, and on both occasions we've had parties they have completely loved their party from start to finish. We have had so many people from both party's comment on how brilliant they are and have booked for their own children's parties.

I really couldn't recommend them highly enough.

Thank you again Roy, Bell and Jack, in my opinion you are the best of the best!

I took my 4 year old to her friends birthday party today, only to find out that there was entertainment put on for the entire party. Magic party aka The Balloonatics, omg they were absolutely fantastic! From start to finish they did not disappoint, from magic tricks to party games, to face painting to dancing, to parachute games to the conga and of course lots of balloon modelling. Honestly, it was amazing and I felt like a child again myself watching it all through my child's eyes. Covid has taken so much away from our babies but today it felt so lovely, normal and wonderful to see them all taking part in so much fun together ♥ thank you to the lovely family who organised today and to the Magic party aka The Balloonatics. I would 100% recommend them to anyone xxx
