Another amazing party by Roy and Jack for my Son's 5th birthday. They kept 28 children constantly engaged and having fun as well as all of the parents with their humour. The children all loved the party and they made my Son feel very special, especially creating his favourite balloon animal which was such a lovely surprise. They are very experienced and know exactly how to run a fantastic party...thank you! I would highly recommend Roy and Jack for 2 full hours of fun!

Hi Roy,

Just wanted to say a big thank you for Johan's party Saturday. He had a fab time and everyone thought you were fab. Sorry I didn't get to say a proper thank you on the day- was a bit hectic! But we thought it was great!

Thanks again

We booked Roy & Bell for my son's 4th birthday party. They were both amazing! Roy had everyone in stitches with his very funny magic show. Bell has the patience of a saint and created superb face painting. Thank you.

We had a graduation party for my autistic son and my son and his friends were all engaged and had an amazing time.

Even the adults were amazed at how the kids were engaged and how entertaining you were.

Where do I start??? Magic Party Roy, Bell and Jack were amazing for our Son's 5th Birthday party. They were professional from start to finish. Great communication from booking till the end.

Roy made the children laugh so much and the adults!!! Great games, magic show, face painting and balloons. All the children felt involved. Bell was so good at face painting even when children requested different things she waved her magic wand and it happened.

Jack was very comical too and was a great double act with Roy.

Thank you Magic Party for making our Son's Birthday magical, will definitely be recommending.

We had Magic Party at a local festival with around 60 children present, and Roy was absolutely fantastic! The kids were completely captivated—from the colorful balloon creations to the fun, engaging energy they brought. It was non-stop smiles and laughter the entire time. Highly recommend them for any event where you want to wow the little ones!

Thank you so much for performing at our son's 6th birthday party! All the children were completely engaged the entire time and it was wonderful to sit back and enjoy the fun instead of being stressed! Bell also did a wonderful job of making sure everyone had their face painted without the need for a queue, Just brilliant as our party was particularly busy. Worth every penny! Thanks again

Without any pun intended... Roy and his team are pure 'magic'. There was 35 5-6 year olds at my daughters party, and they were all kept entertained, hysterically laughing and having the best time for the full 2 hours of the party. Roy had been booked for my parties when I was a younger girl, and he was amazing then and is amazing still. I heard 'Jelly, Belly, wobble' and it all came flooding back to me. Every single parent who came to the party with their child gave the highest compliments to Roy and his team, saying how brilliant the party had been. I cannot recommend Roy's magic show enough. My daughter is already asking if she can have Roy come back for her birthday next year. Thank you Roy, Bell and Jack. You are all amazing, the party was amazing and my daughter, her friends and all the parents loved the magic party.
