CQ
Simple Communication

Nimbus Features

Leave a Great First Impression
Start each call right with **Custom Greetings**, direct them smoothly with an **Auto-Attendant** for example "press 2 for support or 3 for billing" , **Automated Directories**, and improve your process with **Call Recording** for quality control.

Personal Preferences
Soft Phone App, **Do-Not-Disturb**, **Call Forwarding**, **Follow-Me Calling**, **Outbound Caller ID**, **Call Blasting**, and **Speed Dialing** customizable for every user.

Handle Calls Your Way
Pass communications between users with **Advanced Transfers**, Personal and Valet **Call Parking**, **Intercom**, and **Feature Codes**.

Route Calls Intelligently
Set call to route differently based on **Business and Holiday Hours**. Play **Music on Hold** or share information with a **Customized Recording On Hold**. Direct callers to a department with **Ring Groups.**

Audio Conferencing
Secure **Conference Call Bridges** and simple **three-way calling** for quick brainstorms are available for all users.

Phone Number Options
Keep your Current Phone Number, **Multiple Numbers**, **Main Business Numbers**, all customizable anywhere with internet access.

Dynamic Voicemail Boxes
Allow for employees to have **Remote Access to Voicemail**, **Voicemail to Email**, and receive **Voicemail Notifications**.
