

IP Phones for Every Workspace

Phone Features

- ⚙️ **Easy to Use Phone Apps**
Using our CQ Device Manager, Clients with NimbusVoice 14 and above based systems can replace complicated phone commands with the click of a button.
- ⚙️ **Built-in OpenVPN Client**
Our system allows you to tunnel your IP subnetwork or virtual ethernet connection, creating secure ethernet bridges to protect your data.
- ⚙️ **Power over Ethernet (PoE)**
Industry standard PoE, delivers the energy to run the phone so no power cable or outlets are required.
- ⚙️ **Full Color LCD Displays**
All CQ Phones come with large full-color displays creating sharp easy to read text and graphics.
- ⚙️ **Dual Gigabit Ethernet with PoE**
Not every area has a separate drop for both a phone and computer. All of CQ's phones allow for high-speed gigabit pass through for computer connectivity.
- ⚙️ **5 Way Conferencing**
Sometimes your conference line may be in use. CQ phones allow up to 5 direct connections, meaning that you can have your conversations when you need them.

Zero Touch Provisioning

With Zero Touch Provisioning our servers will direct the configuration to the phone of your choice. Just send the client or employee an unprovisioned phone, and you don't have to leave your desk.
